## WOULD BOOST TAX ON SMALL INCOMES

Secretary of Treasury Houston  
Suggests Increase of 2 Percent  
on Those Under \$5,000

### ANNUAL REPORT TO HOUSE

Urges Lowering of Surtaxes on In-  
comes Over \$5,000 and 20 Per  
Cent on Undivided Profits

(By United Press)

Washington, Dec. 8.—The republic-  
an revision of the tariff laws will  
start January 6, republican leaders  
of the house today decided. Adher-  
ence to the revision is expected to  
continue until shortly before Har-  
ding's inauguration but will be start-  
ed on that date by the house ways  
and means committee, it was agreed.

Washington, Dec. 8.—Secretary of  
Treasury Houston today asked con-  
gress to boost the federal income  
tax 2 percent on incomes under \$5,  
000. Houston at the same time sug-  
gested that surtaxes be lowered on  
some incomes over \$5,000, that  
corporations be made to pay a flat  
tax of 20 percent on undivided pro-  
fits, big increases be made upon  
the consumers tax on tobacco,  
cigarettes, candies and the like and  
that gasoline be taxed 2 percent  
per gallon and automobiles 50 cents  
per horse power.

These provisions were contained  
in the annual report of the secretary  
presented to Speaker Gillett of the  
house at noon and intended to meet  
the government's appropriation of  
two billion dollars a year.

That part of the report dealing  
with taxation was intended as a  
guide to congress in passing new  
revenue measures to take the place  
of those enacted during the war  
period and which failed to meet  
the government's need, according to  
the secretary.

At least twelve billion dollars  
must be collected during the next  
fiscal year if the government is to  
pay the ordinary expenses and meet  
the \$7,500,000,000 indebtedness be-  
fore May 1, 1923.

Concerning the excess profits tax  
repeal, which the public is demand-  
ing, he said, the excess profit tax  
must be replaced but not repealed  
and should be replaced by some war  
corporation profit laws.

The 20 percent tax on undivided  
profits, Houston proposed as a re-  
placement. He also recommended  
abolition of the organized consum-  
ers tax on ice cream and other lux-  
uries and urged the abolition of the  
radical use of the general sales tax.

## MRS. SPIVEY EXPIRES AFTER SHORT ILLNESS

Grace B. Spivey Dies of Ulcerated  
Bowles After Being Ill Less Than  
a Week

### LEAVES SON, FOUR SISTERS

Mrs. Grace B. Spivey expired  
yesterday afternoon about three  
o'clock at her home, 811 North Har-  
rison street following a brief ill-  
ness, death being caused from a tu-  
bercular ulcer of the bowels. Mrs.  
Spivey was taken ill less than a  
week ago, and grew suddenly worse  
Monday night.

The deceased was 57 years old,  
and was employed as a nurse at the  
Dr. Sexton hospital. When she be-  
came ill, her condition puzzled the  
attending physicians, and her death  
proved to be quite a severe shock to  
the family and friends.

She is survived by one son, Court-  
land Spivey of this city, her husband  
and another son having preceded  
her in death. She also is survived by  
four sisters, Mrs. Austin Frazee,  
Mrs. H. E. Daubenspeck, Mrs. Will  
Alexander and Miss Emma Black-  
ledge, all of this city.

The funeral services will be held  
at the late residence Thursday af-  
ternoon at two o'clock, conducted by  
the Rev. L. E. Brown, and burial  
will be made in East Hill cemetery.

## WILL TALK BOYS PIG CLUB

Big Type Poland China Breeders'  
Association to Meet Saturday

The Big Type Poland China Breeders' association of Rush coun-  
ty will hold a meeting in the court  
house Saturday afternoon, begin-  
ning promptly at one o'clock. The  
purpose of the meeting is to talk  
over a breed promotion program,  
which will ultimately end in the  
formation of Boys' club work and  
F. M. Shanklin of Purdue Univer-  
sity, state club leader, will be here  
to assist in outlining the program  
and in aiding the organization.

The meeting is open to all farm-  
ers interested in hog raising, and  
new members will be admitted at  
the meeting on Saturday.

## "CORN KING" TO SHOW CHAMPIONSHIP EARS

C. E. Troyer of Lafontaine, Ind.,  
Consents to Bring Samples When  
He Comes For Show

### WILL JUDGE LOCAL EXHIBIT

County Agent D. D. Ball today  
received word from C. E. Troyer of  
Lafontaine, Ind., the new "corn  
king," that he would be here on  
December 29 and 30 for the Rush  
county corn show, and that he  
would gladly bring with him the  
ears of corn which made him cham-  
pionship grower of the world.

It had been previously announced  
that Mr. Troyer had consented to be  
here and act as the judge in the corn  
exhibits, and he was then asked to  
bring along his prize winning ears  
so that the farmers of Rush county  
and those who attend the show,  
could see the display.

Plans are progressing very good  
for the two day show, and women  
all over the county are taking inter-  
est in the part that they are to take  
in competing for the prizes. The  
various townships have organized  
their women members, and culinary  
articles will be on display on those  
days, which will tend to rival any-  
thing ever attempted along that  
line.

## LARGELY MATTER OF "PASSING THE BUCK"

Attempts to Improve Mail Service  
Result in C. I. & W. and Mail  
Officials Blaming Each Other

### THIRD CONFERENCE ARRANGED

The matter of improving the mail  
service for Rushville has become  
largely a matter of "passing the  
buck" between the C. I. & W. rail-  
road officials and the mail officials,  
it appears following two conferences  
between representatives of the two  
organizations and of towns and  
cities between Indianapolis and  
Hamilton, O.

The second conference was held  
Tuesday afternoon at Indianapolis  
and when railroad officials said they  
could not do anything to better the  
situation, they promised to "face"  
the mail officials Saturday afternoon  
at Cincinnati. This calls for another  
trip to Cincinnati by the committees  
from Rushville, Connersville and  
Oxford, O. Rushville was represent-  
ed Tuesday by B. O. Simpson and  
R. L. Tompkins.

The C. I. & W. officials maintain-  
ed that they could not give Rush-  
ville a service which would bring  
the mail here from the west on the  
7 o'clock train in the morning until  
the government gave them the con-  
tract. They furthermore contended  
that the eight-foot space on the first  
eastbound train, contracted for to  
carry local mail, was being used for  
through mail. The officials said  
Rushville could not be made a reg-  
ular stop for the seven o'clock  
train but local men think differently.  
At any rate, another attempt will  
be made to accomplish something  
Saturday.

## LITTLE FOLKS ARE TO BE REMEMBERED

Santa Claus Fund Will be Conducted  
Again, This Year For Benefit of  
Unfortunates

### ASSURANCES OF SUPPORT

Answer to Many Inquiries Regarding  
Effort is Contributions May be  
Made at Once

There will not be any disappoint-  
ed children in Rushville this Christ-  
mas.

This fact was assured today  
when arrangements were completed  
for the Daily Republican Santa  
Claus fund which, under one name  
or another, for twelve years has  
been the instrument to carry good  
cheer to the homes of the unfortun-  
ates in the city.

A number of inquiries have been  
made lately regarding the usual  
Christmas effort and the answer to  
all of them is that contributions  
may be made to the Daily Republi-  
can fund with the assurance that  
they will be used to the very best  
advantage in helping to keep alive  
the spirit of Christmas in the homes  
where misfortune has descended  
and shut out all hope of a joyous  
holiday unless the generous people  
of the community come to the res-  
cue.

The Santa Claus fund was con-  
ceived with the view not of provid-  
ing the necessities of life for the  
tiny tots, who have no chance of a  
merry Christmas without outside  
assistance, but with the idea of pro-  
viding toys, candy, nuts and a word  
of good cheer, without which no  
Christmas would be completed for  
any child.

The Santa Claus fund managers  
never minimized the necessity of  
warm stockings, good shoes, a good  
dress or a nice suit of clothes; a  
sack of flour, a dressed chicken and  
other things which go to make up a  
good Christmas dinner, but their  
aim has always been to meet first  
the Christmas needs of the little  
folks so their faith in human nature  
would not be shaken, and then if  
there is anything left, to meet some  
of the other requirements.

The Santa Claus fund has the  
pledges of support from an ample  
number of persons, both men and  
women, to see the thing through and  
there is no doubt that the fund this  
year will be the rich success that it  
deserves. Possibly by tomorrow local  
charitable workers who are fa-  
miliar with the situation in Rush-  
ville, will be at work investigating  
the condition of families where San-  
ta Claus will not stop without some  
outside persuasion, and will begin  
preparing the lists of the names of  
children who are to be remembered.

Last year, with the co-operation  
of Capt. and Mrs. Tench and other  
local workers of the Salvation Army  
the sum of \$513.53 was raised and  
expended in providing 'Santa Claus'  
for the unfortunate children as well  
as remembering older people of the  
city who were afflicted or in such  
circumstances that they could not  
afford a Christmas dinner. Thirty-  
five baskets of food were distributed  
the day before Christmas to needy  
families in the city, and the same  
thing will be done this year if there  
is enough money raised.

Last year a Christmas program  
was given the afternoon before  
Christmas in the court house assem-  
bly room and the gifts were distrib-  
uted then, but this year the pres-  
ents for the little folks will be de-  
livered either the afternoon before  
or Christmas morning.

### SMALL GIRL BREAKS ARM

Anna May Magee, little daughter  
of Mr. and Mrs. Edwin Magee, fell  
yesterday while playing at the Ha-  
vens school building and broke her  
right arm, just above the wrist. The  
bone was set by Dr. Lowell Green  
and the little girl is said to be doing  
nicely today.

### KNIGHTS TEMPLAR MEETING

A special conclave of Rush-  
ville Commandery No. 49 K.  
T. will be held Thursday ev-  
ening at 7:30 at which time the  
Temple degree will be conferred.

## RUSHVILLE WATER GIVEN CLEAN BILL

Analysis by State Health Depart-  
ment, Reported at Council Meeting  
Shows it is Pure

### IRON IS PREDOMINATE

Concern Installing Traffic Posts to  
Make One at Morgan and 2nd  
Street Conform With Others

The city council met in regular  
session last night, it having been  
three weeks since the last meeting,  
and several matters of minor im-  
portance was transacted, but little  
new business taken up.

A few weeks ago the city sent a  
sample of the city water into the  
state health department to be ana-  
lyzed and a report was read as to  
the chemical condition of the water  
used in this city. The report stated  
that the water was acceptable by  
the state department and was pure  
in all respects.

A detailed report was received,  
giving the complete ingredients in  
the water and of the dozen or so  
minerals iron stood out more prom-  
inently than any other. The state  
law compels cities to have the wa-  
ter tested twice a year, and the  
mere fact that no sickness prevailed  
in Rushville during November made  
it appear almost certain that the  
water was pure.

A representative of the company  
installing the new traffic posts ap-  
peared before the council and an-  
nounced that the job was about  
completed, and that the company  
had agreed to tear down the post at  
Second and Morgan streets, and  
make it comply with the other posts  
in height.

It was the first post erected and  
the base was built 30 inches high.  
It is to be cut down to 18 inches,  
the same as the posts at Second and  
Main and Second and Perkins  
streets. The post at Main and First  
is 22 inches high, but will be left at  
that height.

The city sewer system was dis-  
cussed at length and it was sug-  
gested that the main sewers be  
flooded with hose at different  
places, in order to relieve any con-  
gestion that might be holding back  
the regular flow.

The street commissioner was or-  
dered to take hose and flood out  
the sewers, especially at the var-  
ious places in Rushville which have  
dead ends. This matter has been  
talked about for some time, and a  
resident in North Main street found  
his sewer clogged and after inves-  
tigating dug out roots growing in  
the pipes.

The city then flushed the sewer  
but it was clogged at first and was  
relieved when the high pressure  
was put through the mains. The  
idea is considered a very good one,  
and will prove a saving, rather than  
to incur expenses later on in having  
an expert come for that purpose.

## ANSWERS A FALSE ALARM

Fire Department Finds Stove In-  
stalled in a Box Car

The fire department responded to  
an alarm this morning about 10:15  
from Box 42, corner of Fifth and  
Harrison streets. The alarm was  
sent in by a person who saw smoke  
coming from a box car standing on  
the side track of the C. I. & W.  
railroad at Harrison street. The  
smoke gave the appearance that the  
car was on fire inside, and when the  
firemen investigated, it was found  
that a man was selling potatoes  
from the car and had installed a  
stove to keep warm, and the pipe  
of the stove was headed through a  
small opening.

### EMERGENCY OPERATION

H. Lee Wilson, assessor of Union  
township, underwent an emergency  
operation for appendicitis at the  
Dr. Sexton hospital Tuesday even-  
ing. He suffered a sudden attack  
and was rushed to the hospital at  
once for an operation. His condition  
today was regarded as favorable.

## SCHOEMEL RELEASED TODAY

Brother Pays Costs For Man Put  
in Jail Monday Evening

Howard Schoemel was released  
from jail today when the costs,  
amounting to \$67.20, were paid in  
the circuit court by a brother of  
Schoemel, who came here for that  
purpose from Connersville.

Schoemel was placed in jail Mon-  
day evening after having failed to  
pay all the costs in a case on which  
he was found guilty in juvenile  
court on September 23, when he  
was tried for child neglect. The  
total costs amounted to \$77.20 and  
only \$10 had been paid on the bill,  
which caused his arrest to be made.

## HOG CASE GIVEN TO JURY THIS AFTERNOON

Arguments And Instructions Are  
Completed in Suit of Innis vs  
Archey and Colter

### JURY CASE ON FOR THURSDAY

The case of Innis vs Colter and  
Archey was given over to the jury  
this afternoon after two o'clock in  
the circuit court, after the evidence  
and arguments had been completed  
about that time. The plaintiffs, Al-  
onzo Innis and Hubert Innis, were  
suing Samuel Colter and Edgar  
Archey for \$2,000 damages, as the  
result of buying hogs at a sale held  
by the defendants, which they allege  
were diseased.

The case started yesterday morn-  
ing in the court, and all evidence  
was finished early this morning, giv-  
ing three hours for the arguments.

Tomorrow the jury will again be  
used to hear the case of Morris vs  
Wewee, which is a suit to collect  
on an account which is said to be  
overdue. The deal revolves about  
the purchase of a tractor. A special  
verdict of ten names were drawn  
for the trial tomorrow, and the case  
will probably last two days.

## MAY RESUBMIT THE TREATY TO CONGRESS

President Wilson Said to be Consid-  
ering Such a Step, at Same Time  
Sending Special Message

### IT MAY BE MORE ACCEPTABLE

(By United Press)

Washington, Dec. 8.—President  
Wilson is considering resubmitting  
the treaty to congress, sending with  
it a special message on the subject  
of American foreign relations, it  
was intimated at administration  
quarters today.

The information that this might  
be done came from officials who  
yesterday declared that Wilson was  
not contemplating such a step.

The text of the treaty is still in  
the president's hands, where it was  
sent when rejected by the senate  
last time, according to officials here.  
He is therefore in the position to  
resubmit it any time he sees fit.

The president is said to believe  
that the recent developments at the  
Geneva meeting of the league of na-  
tions assembly may make the league  
covenant more acceptable to the  
senate than heretofore.

Two developments mentioned to-  
day as likely to influence mild res-  
ervation senators were the inter-  
pretations that article 10 could not  
bind the league members to guar-  
antee the territorial integrity of  
other nations and the action of Den-  
mark in refusing to lend troops to  
the league until such an action was  
approved by the Danzig parliament.

## AID TO FARMERS CORPORATION AIM

Formation of Export Organization  
Under Esch Law Announced at  
Bureau Convention

### FIRST STEPS TO BE TAKEN

Farm Bureau Federation to Name  
Committee to Co-operate—  
Credits Problem Discussed

(By United Press)

Indianapolis, Ind., Dec. 8.—Plans  
for the formation of a \$100,000,000  
export corporation under the Esch  
law were announced here today by  
William Booth, of the Guaranty  
Trust Company of New York, who  
is on the program of the second na-  
tional conference of the American  
Farm Bureau Federation.

The corporation will not be form-  
ed especially for the purpose of  
enabling farmers to dispose of their  
products although this will be one  
of its undertakings. It will have  
charge of the re-exportation of all  
forms of manufactured products.

Under the law the corporation  
could expand to ten times the pro-  
posed size by the issuance of secu-  
rities to the amount of one billion  
dollars.

Preliminary steps in the forma-  
tion of the organization will be  
taken at the meeting in Chicago,  
December 10 and 11. The farm bu-  
reau federation will name a com-  
mittee of five to attend the meeting  
which will represent the farmers of  
the United States. The proposed  
corporation will have on its govern-  
ing board representatives of farm-  
ers, bankers and business men, so  
as the best interests of each class  
can be served, it was announced.

Credits to tide the farmer over  
the present period of price depre-  
ciation and just recognition of ag-  
riculture were the principal prob-  
lems before the closing session of  
the convention.

Several plans offered as a solu-  
tion of the credit problem were sup-  
plemented Tuesday night by a pro-  
ject sponsored by A. F. Lever, one  
of the authors of the Smith-Lever  
agricultural extension act, in an ad-  
dress to the delegates.

Mr. Lever suggested the develop-  
ment of a system of warehouses for  
the storage of farm products and  
the issuance of warehouse receipts  
on which credit would be based, to  
avoid dumping farm products on the  
market at harvest time.

### WOMAN ACCUSED OF MURDER

Ardmore, Okla., Dec. 8.—Clara  
Smith Hamon, sought in connection  
with the mysterious shooting of  
Jake Hamon, today was formally  
charged with the murder of the mil-  
lionaire oil king and political leader.  
The charge of the murder is extrad-  
itable.

### REWARD FOR MURDERER

Connersville, Ind., Dec. 8.—A re-  
ward of \$250 for the apprehension  
and conviction of the slayer of  
James Perkins, clerk who was  
found dead with a bullet hole in his  
breast on Sunday night, November  
28th, was announced by the City  
Council at its session last evening.

### YEGGMEN IN SMALL HAUL

Muncie, Ind., Dec. 8.—Robbers  
entered the postoffice at Parker Ind.  
Monday night through the transom  
of the window and made away with  
all cash and stamps in the place. It  
is thought, however, that the total  
amount will not exceed \$25.

### REGARDED AS TREASON

Dublin, Ireland, Dec. 8.—Any at-  
tempt to negotiate peace with  
Great Britain without sanction of  
the Irish parliament will be treason,  
according to a resolution adopted  
by the divisional council of Sinn  
Feiners.

### OPPOSES WAR CORPORATION

Washington, Dec. 8 Senator  
Lodge Monday refused to let the  
senate consider the resolution di-  
recting the Secretary of Treasury  
to revive the war finance corporation  
at once as a means of helping the  
farmer find a market for their pro-  
ducts.

## Neglecting That Cold or Cough?

Why, when Dr. King's New Discovery So Promptly Checks It?

LETTING the old cough or cold drag on, or the new one develop seriously, is folly, especially when at druggists, you can get such a proved and successful remedy as Dr. King's New Discovery.

For over fifty years, a standard remedy for coughs, colds and grippe. Eases croup also. Loosens up the phlegm, quiets the croupy cough, stimulates the bowels, thus relieving the congestion. All druggists, 60 cents, \$1.20 a bottle.

## PACKAGE OF SEALS IS LOST

Finder Urged to Return Them to The Republican Office

The person who found a large package of double barred Red Cross Christmas Seals in the Princess theater is urged to return them to the Daily Republican office and they will be placed in the hands of the organization which is pushing the sale this year. It is known that several dollars worth of the holiday stickers were found and it is requested that they be returned else the loss would be suffered by the local fund.

No more sales were reported today and the sales total now stands at \$359.40. This represents only Rushville sales and does not include any of the outside townships where organizations have been perfected and are at work. It is hoped to bring the total to \$650, the record for the county.

### Getting Results.

"When it comes to impressing the popular mind," said Senator Sorghum, "a party platform is quite likely to prove less important than the rear platform of a special train."

## HOG PRICES DESCEND TO A NEW LOW MARK

## GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

### Ancient Christmas Custom.

Many quaint customs are observed at Christmas time in various English country parishes. In that of Cumnor, in Berkshire, of which the living is a vicarage and the church a beautiful specimen of an old English parochial edifice, all who pay tithes repair, after evening service on Christmas day, to the vicarage where the vicar is held in duty bound, by a usage centuries old, to regale them with four bushels of malt brewed into ale or beer, two bushels of wheat baked into bread, and half a hundred weight of cheese. Any remnants of this feast are distributed among the poor of the parish after morning prayer the next day.

### POOR THINGS

Tramp Birds: They might throw us a few crumbs on Christmas morning.

Traditions of Christmas Festival. In the records of every nation we find traditions of the Christmas festival, traditions which have been handed down from generation to generation in oft-told tales which thrilled the hearts of the listeners with alternate fear and delight. Sir Walter Scott tells us that they who are born upon Christmas or Good Friday will see spirits, and will have the power of commanding them. He also adds that the Spaniards imputed the downcast looks of their monarch, Philip II, to the disagreeable visions to which this privilege subjected him.

### Bring Smiles of Gladness.

It is not so much the thought of receiving the customary holiday gifts which most pleases the fancy, but rather that pleasure the heart derives from dwelling upon joyful surprises it may bestow upon others. To bring a smile of gladness upon another's face is, indeed, a boon more precious than a Christmas gift, and the joy of bestowing can never be equalled by the receiving.

## GOITRE

### Reduced 2 Inches for This Newcastle Milliner by Home Treatment

Note: It would be illegal to publish these statements if they were not true.

This article was copied from the Newcastle, Ind., Times: "Mabel Burris, milliner at Mary Dingle's store, say: 'I have had a goitre for 15 years. Everything that I have tried only made it worse. My goitre has been reduced 2 inches by less than one bottle of Sorbol Quadruple. I will gladly recommend this remedy for I think all goitre sufferers should know about it. I will be glad to tell my experience personally or by letter.'"

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leave the parts in healthful normal condition. Requires ten minutes daily.

## U.P. PICKS ITS NATIONAL ELEVEN

### Sporting Writer Asserts That Country is Full of Good Backs and Selection is Hard

## 2 NOTRE DAME MEN ON TEAM

### All American Team Includes Gipp and Anderson Who Played Brilliantly During The Season

By HENRY L FARRELL  
(U. P. Staff Correspondent)

New York, Dec. 8—It's a shame that eleven are only eleven.

If an All-American eleven could be stretched into a dozen and a half or two dozen, picking the season's combination of bests might not be a problem so closely akin to setting the Irish question.

After a season in which the grid-irons of the east, west, north and south were almost crammed with high-class football performers, it is a task far beyond one pair of eyes to judge the eleven best. Coming near to it is a more human task.

The season of 1920 developed a preponderance of brilliant half-backs, quarter-backs, and centers, with a good number of tackles. No guards stood out like "Swede" Youngstrom of last year's team, or no ends blazed across the field like Bob Higgins and Heinie Miller.

Based upon the teams seen in action, news accounts of the games and the judgment of others delegated to look them over, the following first team has been selected—subject to anything but personal violence on the writer:

PLAYERS	Position
Carney, Illinois	end
Keck, Princeton	tackle
Griffiths, Penn State	guard
Alexander, Syracuse	center
Callahan, Yale	guard
Gulick, Syracuse	tackle
E. Anderson, Notre Dame	end
Lourie, Princeton	quarter
Way, Penn State	half
Davies, Pittsburgh	half
Gipp, Notre Dame	half

It will be observed there are representatives on the team from every section except the Pacific Coast and the far west. With the full realization that in those fertile fields of football there are many players of sufficient ability to hold their own with some on the mythical aggregations, the writer had to ignore that section on account of lack of detailed information regarding these players.

The hardest task in sifting out the stars came among the quarter-backs, the centers and the half-backs.

Bo McMillin is a great quarter-back, but the writer after watching Lourie in three Major games, can't imagine how the Southerner can be superior to him.

Lourie does everything that McMillin does and he kicks in addition. He is as crafty a general as roams the chalk-line field and he kept his colors high through a much harder schedule and much greater opposition than McMillin.

Mike Callahan, Princeton, and Stein, Pittsburgh, are two great centers, but they are both bad passers. Stein, was removed from consideration because his bad pass kept Pitt from beating Penn State.

Gipp, the star Notre Dame back, stood out as the greatest halfback of the year and the one who had to be on the mythical eleven. Davies and Way were picked because almost alone they carried Pittsburgh and Penn State to the record that makes it possible for them to claim the eastern championship.

French and Garrity by all means should be on an All American team, and rangle, also, but they suffered by having their stars shine in a firmament filled with meteors.

—Mr. and Mrs. E. B. Hinchman of Falmouth attended the American Farm Bureau Federation meeting in Indianapolis, yesterday.

## BAD BREATH

### Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect.

## MAKE OUT GIFT LIST EARLY

Thoughtful Shoppers Start Task Several Weeks Before Rush Begins in Busy Stores.

THE buyer who really puts some altruism into her Christmas gifts makes out her list several weeks in advance. If she be a canny somebody she has kept her list of the year before and is able to see what were her gifts the preceding season, and thus avoid the risk of repeating herself. Still more canny is she if she has made mental or written notes from time to time of various articles for which she has heard a desire expressed by friends. Such note taking will greatly lessen her labors.

For it is no light thing to choose Christmas gifts judiciously. The whole secret of their acceptability lies

in their appropriateness. Not only must they be appropriate to the person from whom they come and to whom they go, but to the circumstances in which the latter is placed. For an instance, there are few housekeepers who do not welcome an addition of fine linen to their store. But if to a housekeeper who lives plainly in simple surroundings one sends a superb lace-trimmed tea cloth or doilies that throw all her other possessions into the shade, there is an unsuitability about the gift that robs it of much of its charm.—Harper's Bazar.

## Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

## Grove's Iron Tonic Syrup

### Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its Strengthening, Invigorating Effect.

The Syrup is flavored and children love to take it. Contains no Nux-vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother or The Grandmother with perfect safety. 75c.

## Extending The Parcel Post

Extension and development of the parcels post would be an excellent thing for this country. It would be a potent factor in the elimination of gambling and juggling in the necessities of life. It would reduce the number of middle men who are fattening at the expense of the consumer.

These middlemen and gamblers who juggle the products before they reach the retailer or consumers are responsible for much of the skyrocketing which has cursed this country of later years. There is no end to their capacity.

With a practical extension of the parcels post the retailer and the consumer could order the bulk of

his supplies direct from the manufacturer or the farm.

Manufacturers and farmers could sell their products as easily through newspaper and magazine advertising as they do now through the present method of sending hordes of salesmen throughout the country at enormous expense, all of which is eventually paid by the consumer.

Some day we will have a parcels post that we can use as we should. But in the meantime we will continue to blunder along and feed a horde of parasites who have fastened themselves upon us.

We Americans are great on "paying the freight".

## Making or Breaking

Bringing up children is a problem to all parents.

The character of a child is moulded principally in its younger years, and it seldom leaves the pathway it has been trodding in those days.

It is made or broken by its parents.

Some parents are always kind to their children, but firm, insisting upon implicit obedience. The world is full of such children, now grown to manhood, and they are dominating the really important affairs of the world.

Other parents are weak and vacillating. They coax, wheedle, storm, rave and threaten—but never punish. They are not obeyed, and are often defied. The world is also peopled with these children, now men. Much of the peopling is within the four walls of a jail or a penitentiary.

It is a problem indeed, but one

which many parents fail to solve until too late.

The children do it for them—in their own way.

Most people who are willing to do eight hours of honest work in eight hours of time will be able to hold onto their jobs. But the loafers and incompetents, like chickens, will have to scratch.

The president will be awarded the Nobel peace prize December 10, probably on account of the 1916 campaign, slogan, "He kept us out of war".

President Wilson displayed his good judgment by not mentioning the treaty of peace or the league of nations in his message to congress.

No, we don't hear of any farmers offering to take on winter help in exchange for their keep. It might be cheaper to pay wages.

The Turks are said to be buying about ten thousand tons of American coal each month. Did they get any of yours?

It's a fact, though, that some men never fail in an undertaking. They never begin.

Of course, some people never make excuses. They can't find any to fit.

## CHRISTMAS-TIDE

The Christmas-tide, the tide of merriment  
And feast, and love, and peace—most gracious tide,  
All hail; I greet and yearn to honor thee!  
Now let the table groan 'neath viands rich!  
The smoking turkey with the truffle stuffed,  
The sturgeon roast, all fragrant with the fumes  
Of omelette, fish, flesh and fowl, and dainties  
From all climes, full-ranged in rank profusion,  
To tempt the timid appetite and fill  
The forward one . . .  
So, spread the table with luxurious cate,  
And round it gather ever saint and sinner;  
Bar put dull Care, and let the vixen wait,  
Nor rob you, as she's apt to, of your dinner.  
And shout your mirth, but do not let the screams  
O'erquell the little voice that stands demure  
Outside your heart and gently tapping pleads:  
"A sop to soothe the shiverings of the poor!"  
—Joseph Whitton, in Table Talk.

## CHRISTMAS MOTHER-GOOSE

And that's what boys are made of.

What are little girls made of?  
Dishes and dolls  
And red rubber balls—  
And that's what girls are made of.

## CHRISTMAS THOUGHTS

Chime soft and low, glad Christmas bells!  
We, too, will sing,  
Will bring our gifts more precious far  
Than frankincense or costly myrrh  
To Christ our King.  
Our consecrated lives we'll give;  
With trusting, loving hearts we bend  
To plead for grace and strength to live,  
And honor him, our precious friend,  
—Selected.

Indianapolis, Ind., Dec. 8.—Industry will "open up" again during the early part of next year, according to a statement issued jointly by the Employers Association and the In-

As a matter of fact, the industrial and economic situation in Indiana is not nearly as bad as it has been painted, the statement said. Some plants are working at about 75 per cent of capacity and they will continue to do so until retailers have disposed of their present high priced stocks of goods, according to the statement.

### OPENS THE SEASON HERE WITH A WIN

Odd Fellows Basketball Team Defeats Carthage Independents Tuesday Night, 40 to 16

### IN THE NEW GYMNASIUM

Milroy Considers Renting Building For Some of Big Games on Their Schedule

The Odd Fellows basketball team opened the season here last night with a victory over the Carthage Independents, 40 to 16, and the crowd on hand showed the local independent team that they would be well supported this season.

The game was played in the new gymnasium in the Modern Appliance building in West Third street, and the floor as well as the entire place is as modern as any gymnasium in this part of the state. Bleachers which have been built along two sides were well filled with fans last night, and the place will easily accommodate 600 or 700 people.

When the game started last night, Carthage got the best of it and for several minutes was leading Rushville, 5 to 1. In short order Martin and Hilligoss got together and the score was tied, and shortly afterwards Rushville took the lead and gradually walked away.

The Rushville team showed good team work and was in good form. Martin at center was the goal shooter and made seven field goals. Hilligoss, floor guard, surprised the fans by his work, as it was his first appearance with the Odd Fellows aggregation in this city.

Titsworth and Petry of old high school fame were in the line-up and were in the game at all times and showed that they had had considerable experience. Henley, of last year's team was in good form and caged three field goals throughout the game, and was effective on his team work and passes. Brown, also of high school fame, played about ten minutes in the last half, and made two field goals.

When the first half ended the Odd Fellows team was in the lead, 19 to 7. In the last half Carthage put up a game fight to overcome the lead and attempted to put over one of

their rallies which won several games for them recently.

The Odd Fellows continued to pile up the points and reached 40 before the end came, while Carthage had 16.

The Carthage team was short one of their star players, but even at that played ball with a determination not to give up until the end. The game was fast and clean, and the audience was well pleased with the kind of ball put up by both sides. Chambers, center for Carthage, was the point getter, and made six field goals, while Florea, forward, was responsible for fast team work.

Moscow will play here next Tuesday, and two high school teams in the county will probably furnish the curtain raisers. A delegation from Milroy was here last night and is considering renting the building for some big games on the Milroy high school schedule, one game in particular being with Hartford City on February 5. The playing floor is pronounced as being faster than the Graham Annex gymnasium floor.

The score and summary:  
Odd Fellows (40) Carthage (16)  
Titsworth ..... F ..... Florea  
Henley ..... F ..... Winslow  
Martin ..... C ..... Chambers  
Hilligoss ..... G ..... Coffin  
Petry ..... G ..... Dyer

Substitutions: Rushville, Brown for Henley, Henley for Martin; Carthage, Nigh for Coffin. Field goals, Titsworth, 3, Henley 3, Martin 7, Hilligoss 4, Brown 2, Florea, Chambers 6. Foul goals, Titsworth 2, Florea 2. Referee Gunning.

Things Taste better in PYREX. GUNN HAYDON. 22711

The regular meeting of the Yomo club will be entertained tomorrow afternoon at the home of Mrs. Ida Barringer in North Perkins street.

Mrs. Ben Humes will entertain the members of the Thursday Afternoon Bridge club tomorrow at her home south of the city with a one o'clock luncheon.

The Rehoboth Croquet club will be entertained Friday afternoon at the home of Mrs. Frank McIlwaine in Willow street. As this will be gift day, a large attendance is desired.

The Willing Workers class of the Orange Christian church enjoyed an informal sewing party this afternoon at the home of Mrs. Ida Davis in Orange. Refreshments were served at the close of the meeting.

The Ladies Aid Society of the New Salem M. E. church will hold an all day meeting, with a pitch-in dinner at noon, Thursday at the home of Mrs. O. J. Cook, with Mrs. Lot Holman as assistant. Christmas gifts will be exchanged at this time.

Miss Helen Monjar delightfully entertained the members of the Tuesday Bridge club last evening at her home in West Second street. The guests enjoyed the evening over the card table and at the close of the games a delicious luncheon was served by the hostess.

Miss Clara Johnson entertained the members of the Always Present Class of the Main Street Christian church last evening at her home in North Main street. Following the business session which was held, the guests enjoyed the remainder of the evening socially, during which a dainty luncheon was served.

The Woman's Home Missionary society of the St. Paul's M. E. church will meet in the church parlors Thursday afternoon at two-thirty, when the annual Christmas program will be carried out. All members are urged to attend, and bring discarded toys or books, which are to be sent to an orphanage for poor children.

Mrs. Cullen Sexton was hostess for the member of the Psi Iota Xi sorority last evening at her home in East Fifth street. During the business session the members present discussed the sale of the Red Cross Christmas seals, the sorority being in charge of the sale. During the informal social hour following the business meeting delicious refreshments were served.

The Rev. and Mrs. Talmage Defrees of the Little Flatrock Christian church delightfully entertained the members of the official board and their wives at a banquet in the basement of the church Monday evening. The three tables at which the thirty-two guests were seated in the spacious dining room were attractively arranged with bouquets of white chrysanthemums and greenery and lighted by tapers in cut glass holders. During the six course dinner which was graciously served by the Misses Kathleen McKee and Lou and Thelma Moore, toasts were responded to and different phases of the church work discussed in a most interesting way.

Those enjoying the hospitality of the Rev. and Mrs. Defrees were Ed Medd, Montis L. Stewart, Mr. and Mrs. Will Logan, Mr. and Mrs. Orland Myers, Mr. and Mrs. Charles Kenner, Mr. and Mrs. Edgar Morris, Mr. and Mrs. Bert Norris, Mr. and Mrs. D. D. Barber, Mr. and Mrs. Carl Wilson, Mr. and Mrs. Herbert Holden, Mr. and Mrs. Ed Newby, Mr. and Mrs. Don C. Brooks, Mr. and Mrs. Charles Mauzy and Mr. and Mrs. John L. McKee.

## Feel Old?

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

## Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all pined out. I got to a place where I had to do something. After taking two bottles of Foley Kidney Pills I can say my backache is gone, and where I used to lay awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest."

## Christmas Gifts for Mother and Sister

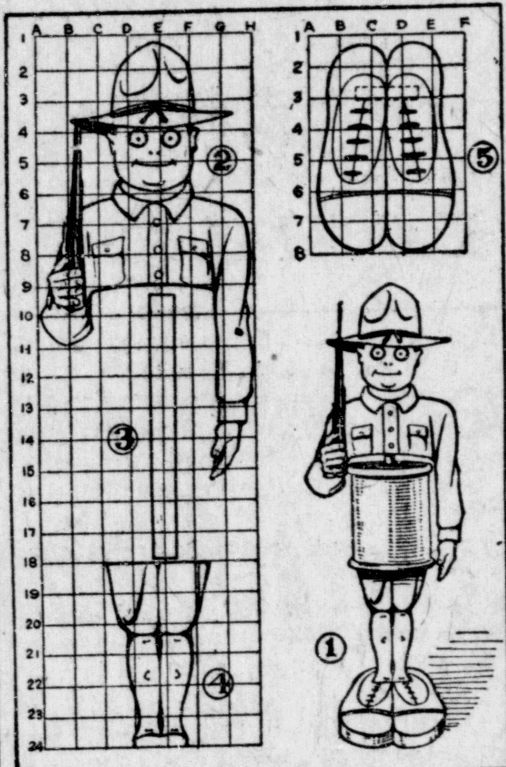

By A. NEELY HALL

(Copyright by A. Neely Hall.)

The Sammy spool holder in Fig. 1 will be a delight to mother or sister, not only because of its uniqueness as an ornament, but also because of its handiness in the sewing-room. Cutting out the figure of Sammy is simple bracket-saw work. Basswood  $\frac{3}{8}$  inch thick is best.

The patterns shown in Figs. 2, 3, 4 and 5 are about one-half the right size. To simplify the work of enlarging these patterns, I have marked them off checker-board fashion.

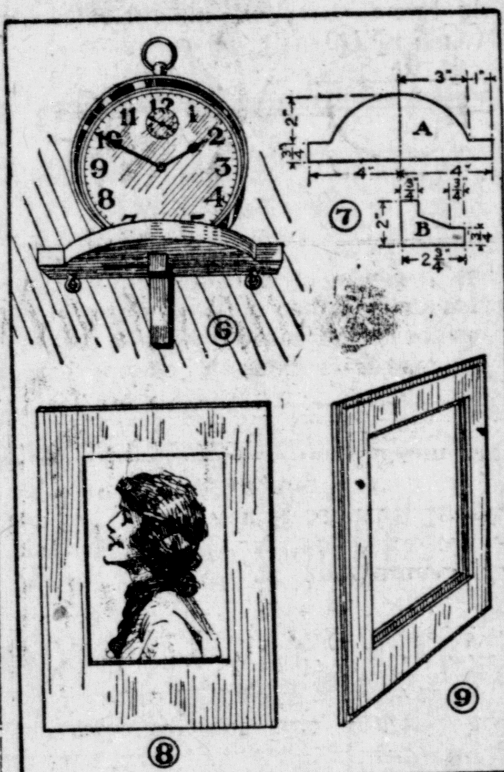

When you cut, saw a trifle outside of the outlines, to allow for trimming the edges with chisel and sandpaper. The upper portion of the body is connected to the lower portion by means of the round stick shown in Fig. 3. Glue the upper end of the stick; make the lower end fit loosely, so it can be removed

to slip the spool off. Sammy's feet are made large to form a base. Cut a slot to glue the leg ends in. A needle forms Sammy's bayonet, and a small hole is made in the gun to stick it into.

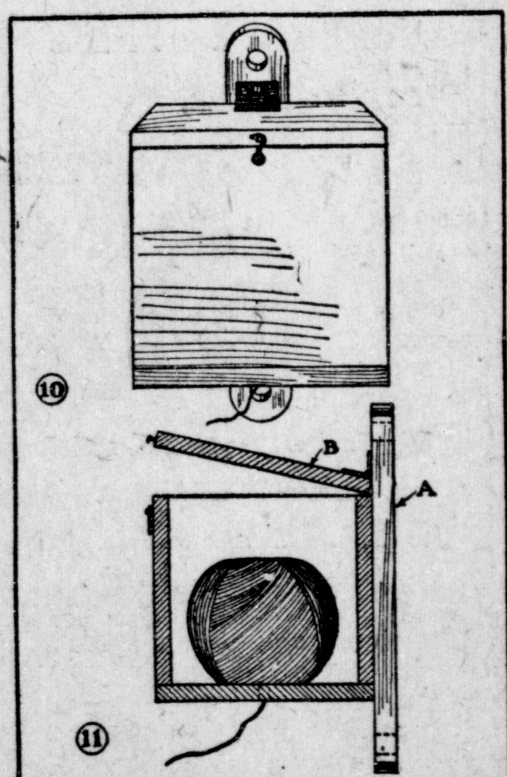

The clock-shelf in Fig. 6 is handy for kitchen or bedroom. It requires two pieces of wood (A and B, Fig. 7)  $\frac{3}{8}$  inch thick by the other dimensions shown. Fasten bracket B to top A at the exact center of the length, with finishing-nails and glue.

A cigar-box cover and bottom provide excellent material for small picture frames (Figs. 8 and 9). Trim one piece about  $\frac{3}{8}$  inch narrower and shorter than the other piece, so when the smaller piece is centered upon the larger piece, there will be a 3-16 inch

margin all around (Fig. 9). Cut the picture opening in the larger piece so there will be equal margins at the top and sides, and a trifle wider margin at the bottom. Cut the opening in the smaller frame  $\frac{1}{2}$  inch larger each way, to form a  $\frac{1}{4}$ -inch rabbet for the glass, picture and backing (Fig. 9). Give the wood a coat of boiled linseed-oil, screw a pair of small screw-eyes into the back for hangers, and get glass to fit the back opening.

The string-box in Fig. 10 is a convenience which should be in every household. Use cigar-box wood, or wood not over  $\frac{1}{4}$  inch thick. Cut the pieces of the right size to make a cubical shaped box measuring 3 inches inside. Cut the hanger strip A (Fig. 11) 1 inch wide and long enough to project  $1\frac{1}{2}$  inches above and below

the box, round its ends, and bore  $\frac{1}{4}$ -inch holes for hanger hooks. Hinge top B to hanger strip A for a lid. Bore a hole through the box bottom to pull the string through.

## Lewisville Women Have Ticklish Time With Feather Bed Tickings

Lewisville, Ind., Dec. 8.—Lewisville women, to the number of seven or eight are "up in arms" over a deal in feathers and they say that it may be a ticklish proposition, but no laughing matter. It's like this: Some time ago, a stranger appeared in the town, said to have come from Centerville. He sought feather beds with the view of making nice, fluffy mattresses out of them. A greater part of Lewisville, it is said, "fell for the idea, and gave up their fine feathers it is charged.

es. All went well until they were slept on. One woman declared she would just as leave sleep on a railroad bed and this started an investigation. Some of the mattresses were opened and instead of containing the nice goose feathers, cleaned and renovated, they had a mixture of chicken and turkey feathers thrown in, with some of the goose eathers, it is charged.

The women were indignant and held a meeting, seeking to prosecute

tigation. Some of the mattresses were opened and instead of containing the nice goose feathers, cleaned and renovated, they had a mixture of chicken and turkey feathers thrown in, with some of the goose eathers, it is charged.

## Mother, You Should Know

that the care of your little one's constitutional habits during childhood, is your first and greatest duty.

You should know that the prompt and proper breaking up of the costive tendency to which most children are prone, may save your child from after-years of digestive misery. That trusted remedy of many mothers,

### Mother Gray's Sweet Powders for Children,

Used by mothers for over 30 years, gives the little one exactly the digestive assistance needed.

These powders are pleasant to take and easy for parents to give. There is no harmful purgative action. When your child is feverish, with bad stomach, or fretful and constipated, or has symptoms of worms, these powders never fail.

Sold by druggists everywhere. Don't accept any substitute.

You should ask for Mother Gray's Sweet Powders FOR CHILDREN.

## Amusements

### Wanda Hawley at The Princess

As a flirtatious young French wife Wanda Hawley has been given still further opportunity to demonstrate her versatility in "Her Beloved Villian", which will be shown at the Princess today.

"Her Beloved Villian", by the way, is a demonstration of Real-thing. The picture is an adaptation of a very famous French farce which had a big vogue in Europe a few years ago. Deliberately it is being offered under an entirely different name. And those who saw last night's show believe the experiment will meet with success. For the plot holds so much genuine fun and interest that it is bound to succeed on its account, aside from any big reputation of previous successes as a stage play.

The story is the old Priscilla, Miles Standish, and John Alden situation, treated with that dash and brilliance of wit which the French mentality has brought to such a high point of excellence. Certainly it reaffirms the age-old fact that it's always dangerous to have a friend propose to your girl!

Ramsey Wallace, Miss Hawley's new leading man, is virile and convincing as the man who starts a

whole train of complications when he becomes the matrimonial go-between for his friend, and then wins the girl for himself.

### "The Secret Gift," Mystic

Things more precious than watches are seen through the funny, little black "spy glass" of Jan Saxe, the watchmaker. Sometimes a broken doll. Sometimes a broken heart. Jan Saxe fixes them. He knows all about broken things in "The Secret Gift" which comes to the Mystic Theatre today, George Hull tells just how Jan Saxe comes to know.

The watchmaker is one of those men to whom love comes but once. He sees his old comrade marry the girl he worshipped in silence; he gives Peter his last \$500 to set up a business. Then Jan goes back and puts her faithfully away with his watches. He has made those he loves happy.

When to his comrade and to the girl of his unfulfilled romance comes a daughter, the image of her mother, the life of Jan Saxe centers in her happiness. Then two hearts come under Jan's "spy glass." To him a heart is a heart just as a watch is a watch. That one heart is in the body of Larry McTeague, who grew up in Paradise Alley, and that the other heart is in the body of Winnifred, brought up in luxury, is nothing to Jan. There comes the chance for what will be Jan's culminating, most heroic sacrifice for those he loves.

## USE MONKEY GLAND TO RESTORE SANITY

Chicago Physicians Will Attempt Operation on Mental Deficient 17 Year Old Girl

### TRANSFER THYROID GLAND

Chicago, Ill., Dec. 8.—An attempt to restore to health 19 years old Mary Kolwizki of Joliet, Ill., who has been mentally and physically disabled for the past seventeen years was to be made at the American hospital today when physicians will transfer the thyroid gland of a monkey to the body of the girl.

The operation was to be performed by Dr. Krumholtz and Dr. Klein who have attended the girl since she was found secreted in a cellar at her home in Joliet last September. Truant officers found the girl in the cellar and the child could not read, talk or walk.

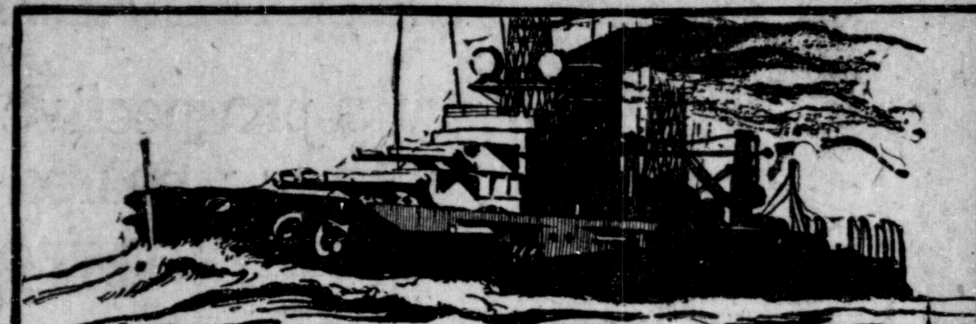

According to the story told by the mother to authorities, the girl was stricken with infantile paralysis when two years old which left her so affected. The mother kept the girl hid till she was seventeen years old.

## How a prospective mother prepared for baby's coming

Of all the vital adventures in life, the birth of a baby is the climax of nature's most wonderful evolution.

During this period, nature is supposed to be preparing the internal organism of a woman for a safe and speedy delivery; but it is more the exception than the rule when nature, unaided, performs her part at the crisis in a manner to relieve pain and contribute to comfort.

"I was afraid," writes a prospective mother, "until an experienced mother told me about MOTHER'S FRIEND."

"—but now I cannot recommend MOTHER'S FRIEND too highly for I know it helped me wonderfully, and I can almost say my baby was born without pain. At the present time I am using it again, as I do not want to go thru the ordeal without it."

Three generations of prospective mothers have used MOTHER'S FRIEND. When gently applied, during the period of expectancy, it soothes the fine network of nerves, lubricates the broad, flat, abdominal muscles and prepares the way for an easier, quicker and practical delivery.

For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to the makers of MOTHER'S FRIEND.

**WARNING:** Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

## HOUSING ASSOCIATION TO MEET DECEMBER 9-11

Bridgeport, Conn. Selected For Convention City Because of Successful Housing Projects

1,000 DELEGATES EXPECTED

(By United Press)

Bridgeport, Conn., Dec. 8.—This city will be the scene of the coming annual convention of the National Housing Association, scheduled to meet from December 9th to 11th, inclusive. Between 600 and 1,000 delegates, representing practically every large city in the country, are expected to attend.

The several housing projects carried out in Bridgeport are said to be the reason for selecting the city for the convention. These projects will be examined by the delegates.

Among the subjects to be discussed during the convention will be "Rent Situation;" "Various Methods of Stimulating New Construction;" "Financing the Home Owner;" "Government Housing in its Various Phases;" "Co-operative Ownership of Housing Projects;" "Encouraging Investments in Real Estate Mortgages;" "How Building Associations and Banks Can Help in Financing Home Ownership;" "Relations between Landlords and Tenants;" "The Share of Labor in Encouraging New Building Construction;" "Methods of Reducing Costs of Operation;" and "New Kinds of Building Material Discovered through War Necessities."

There will be a general discussion of unwise building laws and motion pictures showing a typical English Garden City and its possible application to American needs. The effects on health and morals of overcrowding will also be brought up.

## DISCUSS NEW POLICIES

Senator Harding and Congressmen Hold Private Conference

Washington, Dec. 8.—Proposed policies of the Harding administration were discussed Tuesday at a conference held at the capital between the president-elect and congressional leaders.

Harding's time was so freely engaged that he was forced to forego a golf game with some senatorial friends and he left at 4:10 for his home in Marion, Ohio.

Inasmuch as he will not return to Washington until he will assume the presidency, Harding wished to see as many of the leading members of congress as possible. He stated that he was not coming back to Washington this winter.

HARDLY ABLE TO  
GET ABOUT HOUSE

Indiana Woman Says Nothing Gave  
Her Any Serength Until She  
Got Tanlac

"Although it has been over two years since I had influenza, I am just now beginning to feel like myself again," said Mrs. May Hart, R. F. D. No. 1, Hometown, Ind.

"It seemed that nothing I could do gave me any strength until I got Tanlac. I had no appetite, couldn't sleep, had rheumatic pains nearly all through my body and my joints were always so stiff I could hardly move around. I got badly run down and so weak I couldn't look after my housework.

"Well, not long ago I began taking Tanlac and already my improvement is so great it is really a pleasure to tell about it. My appetite is very much better, I never have the pains in my body any more and my joints are in such good condition I can get around just like I used to years ago. I sleep so well nights now that I scarcely wake up at all until morning, and the tired and worn out feeling has left me entirely. I have already gained several pounds in weight, am still taking Tanlac and am gaining in weight and strength every day. Tanlac has helped me so much I just can't praise it highly enough."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

Gave It To His  
Little Daughter

Five year old girl had had case of catarrh in the head, no appetite, weak and pale. Father got great relief himself from Dreco and that is why he gave it to her.

"I got so much good from taking Dreco that I put my little five year old girl to taking it and there is a big difference in her now," said Mr. Willis Baker, the well known concrete contractor of 1318 East Marklin St., Kokomo, Ind.

"I had never been able to get rid of constipation, pains in my back, indigestion, gas in my stomach and heartburn, till I tried this new medicine Dreco and I believe the first dose did me good, Dreco also worked my liver off, thereby relieving those awful dizzy spells and cleared off my tongue.

"I had catarrh which kept me hawking all the time and clearing my throat. Dreco overcame this for me, and I started my little girl taking it, and there is a big improvement in her. The color has returned to her cheeks; she romps and plays has a good appetite and the catarrh is all gone. I am a strong believer in Dreco."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Adv.)

# Motor Truck Lowers Farm Costs

**T**HE farmer of the Middle West is a business man who utilizes every labor or time-saving device to increase his profits. That's why the farmer is coming to be the heaviest buyer of motor trucks.

At seeding time he hauls his seed to the field, thus economizing hand labor; at harvest time he hauls his grain, potatoes, and other produce, to market, and distance being a less prohibitive factor, is able to secure better prices; and all through the year he hauls his live-stock and chickens to market, and is able to deliver them in better condition, and with a minimum of shrinkage.

These are a few reasons why the farmer finds the motor truck profitable.

It must be apparent, then, that in no other part of the nation is rural distribution of petroleum products quite so important as in the states served by the Standard Oil Company (Indiana). These are the farming states which supply not only the Middle West but the entire nation with food. The ten states served by this Company are well termed the bread-basket of the nation.

To be of economic service to the farmer, the Standard Oil Company (Indiana) maintains throughout the territory it serves a complete chain of bulk stations, with tank wagons for delivery throughout the rural districts. The farmer has come to know that he can depend upon this service even under most trying conditions. That busy, dark green tank wagon serves the farmer with all the faithfulness with which the milk wagon and the ice wagon serve the flat dweller in the city.

The comprehensive distribution system of the Standard Oil Company (Indiana) is geared to service at the lowest possible cost. The money thus saved through large scale operation is passed on to the consumer by reasonable tank wagon prices throughout the territory served.

That this complete and highly efficient system of distribution maintained by the Standard Oil Company (Indiana) is indispensable to the new type of business farmer, no one acquainted with the facts can doubt.

## PACKING EMPLOYEES GIVEN SLIGHT RAISE

Judge Refuses to Grant Blanket Increase to All Employees in Large Packing Concerns

### 125,000 WORKERS AFFECTED

Chicago, Ill., Dec. 8.—Request for a blanket increase in wages from \$1 to \$2 a day by employees of packing companies were denied Tuesday by Judge Samuel Alschuler, arbiter in the dispute between packers and employees over wages.

Judge Alschuler, however, granted some temporary increases to certain classes of workers which will amount to about five million dollars additional wages which the packers will have to pay this year.

Judge Alschuler granted all employees coming under the classification of general plant workers a temporary increase of 5 percent up to \$25, retroactive to July 5, 1920 and ending December 5. This award will really amount to a bonus to about 125,000 employees. The employees are in Chicago, Omaha, Kansas City,

Oklahoma City, East St. Louis and Sioux City.

The awards will give each employee under the classification an average of about \$1.25 a week, attorneys for the packers estimated, over the period which the increase is made effective.

### RECEIVES BOX OF FRUIT

Mrs. J. B. Pusey of this city has just received a large box of fruit from Florida, a gift from Mr. and Mrs. J. A. Smith of Lakeland, Fla. The box contained twelve large grapefruit and six dozen of oranges and tangerines. Mrs. Pusey spent several weeks with Mr. and Mrs. Smith while she was visiting in Florida last winter.

## MAY ABOLISH WAR LAWS

Bill to End Emergency Measures Reported Favorably

Washington, Dec. 8.—A resolution repealing the war laws was favorably reported by the house judiciary committee and action on it may be taken in the house Friday. It provides that the date of final enactment of the resolution shall be considered as the official date of termination of war.

The laws exempted from repeal are the Lever food and fuel control, the trading with the enemy act, the war finance corporation and the Liberty bond acts.

## WOULD BOOST TAX ON SMALL INCOMES

Secretary of Treasury Houston  
Suggests Increase of 2 Percent  
on Those Under \$5,000

### ANNUAL REPORT TO HOUSE

Urges Lowering of Surtaxes on In-  
comes Over \$5,000 and 20 Per  
Cent on Undivided Profits

(By United Press)  
Washington, Dec. 8.—The republic-  
an revision of the tariff laws will  
start January 6, republican leaders  
of the house today decided. Adher-  
ence to the revision is expected to  
continue until shortly before Har-  
ding's inauguration but will be start-  
ed on that date by the house ways  
and means committee, it was agreed.

Washington, Dec. 8.—Secretary of  
Treasury Houston today asked con-  
gress to boost the federal income  
tax 2 percent on incomes under \$5,  
000. Houston at the same time sug-  
gested that surtaxes be lowered on  
some incomes over \$5,000, that  
corporations be made to pay a flat  
tax of 20 percent on undivided pro-  
fits, big increases be made upon  
the consumers tax on tobacco,  
cigarettes, candies and the like and  
that gasoline be taxed 2 percent  
per gallon and automobiles 50 cents  
per horse power.

These provisions were contained  
in the annual report of the secretary  
presented to Speaker Gillett of the  
house at noon and intended to meet  
the government's appropriation of  
two billion dollars a year.

That part of the report dealing  
with taxation was intended as a  
guide to congress in passing new  
revenue measures to take the place  
of those enacted during the war  
period and which failed to meet  
the government's need, according to  
the secretary.

At least twelve billion dollars  
must be collected during the next  
fiscal year if the government is to  
pay the ordinary expenses and meet  
the \$7,500,000,000 indebtedness be-  
fore May 1, 1923.

Concerning the excess profits tax  
repeal, which the public is demand-  
ing, he said, the excess profit tax  
must be replaced but not repealed  
and should be replaced by some war  
corporation profit laws.

The 20 percent tax on undivided  
profits, Houston proposed as a re-  
placement. He also recommended  
abolition of the organized consum-  
ers tax on ice cream and other lux-  
uries and urged the abolition of the  
radical use of the general sales tax.

## MRS. SPIVEY EXPIRES AFTER SHORT ILLNESS

Grace B. Spivey Dies of Ulcerated  
Bowles After Being Ill Less Than  
a Week

### LEAVES SON, FOUR SISTERS

Mrs. Grace B. Spivey expired  
yesterday afternoon about three  
o'clock at her home, 811 North Har-  
rison street following a brief ill-  
ness, death being caused from a tu-  
bercular ulcer of the bowels. Mrs.  
Spivey was taken ill less than a  
week ago, and grew suddenly worse  
Monday night.

The deceased was 57 years old,  
and was employed as a nurse at the  
Dr. Sexton hospital. When she be-  
came ill, her condition puzzled the  
attending physicians, and her death  
proved to be quite a severe shock to  
the family and friends.

She is survived by one son, Court-  
land Spivey of this city, her husband  
and another son having preceded  
her in death. She also is survived  
by four sisters, Mrs. Austin Frazee,  
Mrs. H. E. Daubenspeck, Mrs. Will  
Alexander and Miss Emma Black-  
didge, all of this city.

The funeral services will be held  
at the late residence Thursday af-  
ternoon at two o'clock, conducted by  
the Rev. L. E. Brown, and burial  
will be made in East Hill cemetery.

## WILL TALK BOYS PIG CLUB BIG TYPE POLAND CHINA BREEDERS'

Association to Meet Saturday

The Big Type Poland China  
Breeders' association of Rush coun-  
ty will hold a meeting in the court  
house Saturday afternoon, begin-  
ning promptly at one o'clock. The  
purpose of the meeting is to talk  
over a breed promotion program,  
which will ultimately end in the  
formation of Boys' club work and  
P. M. Shanklin of Purdue Univer-  
sity, state club leader, will be here  
to assist in outlining the program  
and in aiding the organization.

The meeting is open to all farm-  
ers interested in hog raising, and  
new members will be admitted at  
the meeting on Saturday.

## "CORN KING" TO SHOW CHAMPIONSHIP EARS

C. E. Troyer of Lafontaine, Ind.,  
Consents to Bring Samples When  
He Comes For Show

### WILL JUDGE LOCAL EXHIBIT

County Agent D. D. Ball today  
received word from C. E. Troyer of  
Lafontaine, Ind., the new "corn  
king," that he would be here on  
December 29 and 30 for the Rush  
county corn show, and that he  
would gladly bring with him the  
ears of corn which made him cham-  
pionship grower of the world.

It had been previously announced  
that Mr. Troyer had consented to be  
here and act as the judge in the corn  
exhibits, and he was then asked to  
bring along his prize winning ears  
so that the farmers of Rush county  
and those who attend the show,  
could see the display.

Plans are progressing very good  
for the two day show, and women  
all over the county are taking inter-  
est in the part that they are to take  
in competing for the prizes. The  
various townships have organized  
their women members, and culinary  
articles will be on display on those  
days, which will tend to rival any-  
thing ever attempted along that  
line.

## LARGELY MATTER OF "PASSING THE BUCK"

Attempts to Improve Mail Service  
Result in C. I. & W. and Mail  
Officials Blaming Each Other

### THIRD CONFERENCE ARRANGED

The matter of improving the mail  
service for Rushville has become  
largely a matter of "passing the  
buck" between the C. I. & W. rail-  
road officials and the mail officials,  
it appears following two conferences  
between representatives of the two  
organizations and of towns and  
cities between Indianapolis and  
Hamilton, O.

The second conference was held  
Tuesday afternoon at Indianapolis  
and when railroad officials said they  
could not do anything to better the  
situation, they promised to "face"  
the mail officials Saturday afternoon  
at Cincinnati. This calls for another  
trip to Cincinnati by the committees  
from Rushville, Connersville and  
Oxford, O. Rushville was represent-  
ed Tuesday by B. O. Simpson and  
R. L. Tompkins.

The C. I. & W. officials main-  
tained that they could not give Rush-  
ville a service which would bring  
the mail here from the west on the  
7 o'clock train in the morning until  
the government gave them the con-  
tract. They furthermore contended  
that the eight-foot space on the first  
eastbound train, contracted for to  
carry local mail, was being used for  
through mail. The officials said  
Rushville could not be made a reg-  
ular stop for the seven o'clock  
train but local men think differently.  
At any rate, another attempt  
will be made to accomplish something  
Saturday.

## LITTLE FOLKS ARE TO BE REMEMBERED

Santa Claus Fund Will be Conducted  
Again, This Year For Benefit of  
Unfortunates

### ASSURANCES OF SUPPORT

Answer to Many Inquiries Regarding  
Effort is Contributions May be  
Made at Once

There will not be any disappoint-  
ed children in Rushville this Christ-  
mas.

This fact was assured today  
when arrangements were completed  
for the Daily Republican Santa  
Claus fund which, under one name  
or another, for twelve years, has  
been the instrument to carry good  
cheer to the homes of the unfortun-  
ates in the city.

A number of inquiries have been  
made lately regarding the usual  
Christmas effort and the answer to  
all of them is that contributions  
may be made to the Daily Republi-  
can fund with the assurance that  
they will be used to the very best  
advantage in helping to keep alive  
the spirit of Christmas in the homes  
where misfortune has descended  
and shut out all hope of a joyous  
holiday unless the generous people  
of the community come to the res-  
cue.

The Santa Claus fund was con-  
ceived with the view not of provid-  
ing the necessities of life for the  
tiny tots, who have no chance of a  
merry Christmas without outside  
assistance, but with the idea of pro-  
viding toys, candy, nuts and a word  
of good cheer, without which no  
Christmas would be completed for  
any child.

The Santa Claus fund managers  
never minimized the necessity of  
warm stockings, good shoes, a good  
dress or a nice suit of clothes; a  
sack of flour, a dressed chicken and  
other things which go to make up a  
good Christmas dinner, but their  
aim has always been to meet first  
the Christmas needs of the little  
folks so their faith in human nature  
would not be shaken, and then if  
there is anything left, to meet some  
of the other requirements.

The Santa Claus fund has the  
pledges of support from an ample  
number of persons, both men and  
women, to see the thing through and  
there is no doubt that the fund this  
year will be the rich success that it  
deserves. Possibly by tomorrow local  
charitable workers who are fam-  
iliar with the situation in Rush-  
ville, will be at work investigating  
the condition of families where Santa  
Claus will not stop without some  
outside persuasion, and will begin  
preparing the lists of the names of  
children who are to be remembered.

Last year, with the co-operation  
of Capt. and Mrs. Tench and other  
local workers of the Salvation Army  
the sum of \$513.53 was raised and  
expended in providing 'Santa Claus'  
for the unfortunate children as well  
as remembering older people of the  
city who were afflicted or in such  
circumstances that they could not  
afford a Christmas dinner. Thirty-  
five baskets of food were distributed  
the day before Christmas to needy  
families in the city, and the same  
thing will be done this year if there  
is enough money raised.

Last year a Christmas program  
was given the afternoon before  
Christmas in the court house assem-  
bly room and the gifts were distrib-  
uted then, but this year the pres-  
ents for the little folks will be de-  
livered either the afternoon before  
or Christmas morning.

### SMALL GIRL BREAKS ARM

Anna May Magee, little daughter  
of Mr. and Mrs. Edwin Magee, fell  
yesterday while playing at the Ha-  
vens school building and broke her  
right arm, just above the wrist. The  
bone was set by Dr. Lowell Green  
and the little girl is said to be doing  
nicely today.

### KNIGHTS TEMPLAR MEETING

A special convocation of Rush-  
ville Commandery No. 49 K.  
T. will be held Thursday eve-  
ning at 7:30 at which time the  
Temple degree will be conferred.

## RUSHVILLE WATER GIVEN CLEAN BILL

Analysis by State Health Depart-  
ment, Reported at Council Meeting  
Shows it is Pure

### IRON IS PREDOMINATE

Concern Installing Traffic Posts to  
Make One at Morgan and 2nd  
Street Conform With Others

The city council met in regular  
session last night, it having been  
three weeks since the last meeting,  
and several matters of minor im-  
portance were transacted, but little  
new business taken up.

A few weeks ago the city sent a  
sample of the city water into the  
state health department to be ana-  
lyzed and a report was read as to  
the chemical condition of the water  
used in this city. The report stated  
that the water was acceptable by  
the state department and was pure  
in all respects.

A detailed report was received,  
giving the complete ingredients in  
the water and of the dozen or so  
minerals iron stood out more prom-  
inently than any other. The state  
law compels cities to have the  
water tested twice a year, and the  
mere fact that no sickness prevailed  
in Rushville during November made  
it appear almost certain that the  
water was pure.

A representative of the company  
installing the new traffic posts ap-  
peared before the council and an-  
nounced that the job was about  
completed, and that the company  
had agreed to tear down the post at  
Second and Morgan streets, and  
make it comply with the other posts  
in height.

It was the first post erected and  
the base was built 30 inches high.  
It is to be cut down to 18 inches,  
the same as the posts at Second and  
Main and Second and Perkins  
streets. The post at Main and First  
is 22 inches high, but will be left at  
that height.

The city sewer system was dis-  
cussed at length and it was sug-  
gested that the main sewers be  
flooded with hose at different  
places, in order to relieve any con-  
gestion that might be holding back  
the regular flow.

The street commissioner was or-  
dered to take hose and flood out  
the sewers, especially at the var-  
ious places in Rushville which have  
dead ends. This matter has been  
talked about for some time, and a  
resident in North Main street found  
his sewer clogged and after inves-  
tigating dug out roots growing in  
the pipes.

The city then flushed the sewer  
but it was clogged at first and was  
relieved when the high pressure  
was put through the mains. The  
idea is considered a very good one,  
and will prove a saving, rather than  
to incur expenses later on in having  
an expert come for that purpose.

### ANSWERS A FALSE ALARM

Fire Department Finds Stove In-  
stalled in a Box Car

The fire department responded to  
an alarm this morning about 10:15  
from Box 42, corner of Fifth and  
Harrison streets. The alarm was  
sent in by a person who saw smoke  
coming from a box car standing on  
the side track of the C. I. & W.  
railroad at Harrison street. The  
smoke gave the appearance that the  
car was on fire inside, and when the  
firemen investigated, it was found  
that a man was selling potatoes  
from the car and had installed a  
stove to keep warm, and the pipe  
of the stove was headed through a  
small opening.

### EMERGENCY OPERATION

H. Lee Wilson, assessor of Union  
township, underwent an emergency  
operation for appendicitis at the  
Dr. Sexton hospital Tuesday even-  
ing. He suffered a sudden attack  
and was rushed to the hospital at  
once for an operation. His condition  
today was regarded as favorable.

## SCHOEMEL RELEASED TODAY

Brother Pays Costs For Man Put  
in Jail Monday Evening

Howard Schoemel was released  
from jail today when the costs,  
amounting to \$67.20, were paid in  
the circuit court by a brother of  
Schoemel, who came here for that  
purpose from Connersville.

Schoemel was placed in jail Mon-  
day evening after having failed to  
pay all the costs in a case on which  
he was found guilty in juvenile  
court on September 23, when he  
was tried for child neglect. The  
total costs amounted to \$77.20 and  
only \$10 had been paid on the bill,  
which caused his arrest to be made.

## HOG CASE GIVEN TO JURY THIS AFTERNOON

Arguments And Instructions Are  
Completed in Suit of Innis vs  
Archey and Colter

### JURY CASE ON FOR THURSDAY

The case of Innis vs Colter and  
Archey was given over to the jury  
this afternoon after two o'clock in  
the circuit court, after the evidence  
and arguments had been completed  
about that time. The plaintiffs, Al-  
onzo Innis and Hubert Innis, were  
suing Samuel Colter and Edgar  
Archey for \$2,000 damages, as the  
result of buying hogs at a sale held  
by the defendants, which they allege  
were diseased.

The case started yesterday morn-  
ing in the court, and all evidence  
was finished early this morning, giv-  
ing three hours for the arguments.  
Tomorrow the jury will again be  
used to hear the case of Morris vs  
Wewee, which is a suit to collect  
on an account which is said to be  
overdue. The deal revolves about  
the purchase of a tractor. A special  
venue of ten names were drawn  
for the trial tomorrow, and the case  
will probably last two days.

## MAY RESUBMIT THE TREATY TO CONGRESS

President Wilson Said to be Consid-  
ering Such a Step, at Same Time  
Sending Special Message

### IT MAY BE MORE ACCEPTABLE

(By United Press)  
Washington, Dec. 8.—President  
Wilson is considering resubmitting  
the treaty to congress, sending with  
it a special message on the subject  
of American foreign relations, it  
was intimated at administration  
quarters today.

The information that this might  
be done came from officials who  
yesterday declared that Wilson was  
not contemplating such a step.

The text of the treaty is still in  
the president's hands, where it was  
sent when rejected by the senate  
last time, according to officials here.  
He is therefore in the position to  
resubmit it any time he sees fit.

The president is said to believe  
that the recent developments at the  
Geneva meeting of the league of na-  
tions assembly may make the league  
covenant more acceptable to the  
senate than heretofore.

Two developments mentioned to-  
day as likely to influence mild re-  
servation senators were the inter-  
pretations that article 10 could not  
bind the league members to guar-  
antee the territorial integrity of  
other nations and the action of Den-  
mark in refusing to lend troops to  
the league until such an action was  
approved by the Danzig parliament.

## AID TO FARMERS CORPORATION AIM

Formation of Export Organization  
Under Esch Law Announced at  
Bureau Convention

### FIRST STEPS TO BE TAKEN

Farm Bureau Federation to Name  
Committee to Co-operate—  
Credits Problem Discussed

(By United Press)  
Indianapolis, Ind., Dec. 8.—Plans  
for the formation of a \$100,000,000  
export corporation under the Esch  
law were announced here today by  
William Booth, of the Guaranty  
Trust Company of New York, who is  
on the program of the second na-  
tional conference of the American  
Farm Bureau Federation.

The corporation will not be form-  
ed especially for the purpose of  
enabling farmers to dispose of their  
products although this will be one  
of its undertakings. It will have  
charge of the re-exportation of all  
forms of manufactured products.  
Under the law the corporation  
could expand to ten times the pro-  
posed size by the issuance of secu-  
rities to the amount of one billion  
dollars.

Preliminary steps in the forma-  
tion of the organization will be  
taken at the meeting in Chicago,  
December 10 and 11. The farm bu-  
reau federation will name a com-  
mittee of five to attend the meeting  
which will represent the farmers of  
the United States. The proposed  
corporation will have on its govern-  
ing board representatives of farm-  
ers, bankers and business men, so  
as the best interests of each class  
can be served, it was announced.

Credits to tide the farmer over  
the present period of price depre-  
ciation and just recognition of ag-  
riculture were the principal prob-  
lems before the closing session of  
the convention.

Several plans offered as a solu-  
tion of the credit problem were sup-  
plemented Tuesday night by a pro-  
ject sponsored by A. F. Lever, one  
of the authors of the Smith-Lever  
agricultural extension act, in an ad-  
dress to the delegates.

Mr. Lever suggested the develop-  
ment of a system of warehouses for  
the storage of farm products and  
the issuance of warehouse receipts  
on which credit would be based, to  
avoid dumping farm products on the  
market at harvest time.

### WOMAN ACCUSED OF MURDER

Ardmore, Okla., Dec. 8.—Clara  
Smith Hamon, sought in connection  
with the mysterious shooting of  
Jake Hamon, today was formally  
charged with the murder of the mil-  
lionaire oil king and political leader.  
The charge of the murder is extrad-  
itable.

### REWARD FOR MURDERER

Connersville, Ind., Dec. 8.—A re-  
ward of \$250 for the apprehension  
and conviction of the slayer of  
James Perkins, clerk who was  
found dead with a bullet hole in his  
breast on Sunday night, November  
28th, was announced by the City  
Council at its session last evening.

### YEGGMEN IN SMALL HAUL

Muncie, Ind., Dec. 8.—Robbers  
entered the postoffice at Parker Ind.  
Monday night through the transom  
of the window and made away with  
all cash and stamps in the place. It  
is thought, however, that the total  
amount will not exceed \$25.

### REGARDED AS TREASON

Dublin, Ireland, Dec. 8.—Any at-  
tempt to negotiate peace with  
Great Britain without sanction of  
the Irish parliament will be treason,  
according to a resolution adopted  
by the divisional council of Sinn  
Feiners.

### OPPOSES WAR CORPORATION

Washington, Dec. 8 Senator  
Lodge Monday refused to let the  
senate consider the resolution di-  
recting the Secretary of Treasury

# Neglecting That Cold or Cough?

Why, when Dr. King's New Discovery So Promptly Checks It?

LETTING the old cough or cold drag on, or the new one develop seriously, is folly, especially when at druggists, you can get such a proved and successful remedy as Dr. King's New Discovery.

For over fifty years, a standard remedy for coughs, colds and grippe. Eases croup also. Loosens up the phlegm, quiets the croupy cough, stimulates the bowels, thus relieving the congestion. All druggists, 60 cents, \$1.20 a bottle.

## Wake Up Clear Headed

That "tired out feeling" mornings, is due to constipation. You can quickly and easily rid yourself of it by taking Dr. King's Pills. They act mildly, stir up the liver and bring a healthy bowel action. Same old price, 25 cents.

# PACKAGE OF SEALS IS LOST

Finder Urged to Return Them to The Republican Office

The person who found a large package of double barred Red Cross Christmas Seals in the Princess theater is urged to return them to the Daily Republican office and they will be placed in the hands of the organization which is pushing the sale this year. It is known that several dollars worth of the holiday stickers were found and it is requested that they be returned else the loss would be suffered by the local fund.

No more sales were reported today and the sales total now stands at \$359.40. This represents only Rushville sales and does not include any of the outside townships where organizations have been perfected and are at work. It is hoped to bring the total to \$650, the record for the county.

Getting Results. "When it comes to impressing the popular mind," said Senator Sorghum, "a party platform is quite likely to prove less important than the rear platform of a special train."

# GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

## Ancient Christmas Custom.

Many quaint customs are observed at Christmas time in various English country parishes. In that of Cunnor, in Berkshire, of which the living is a vicarage and the church a beautiful specimen of an old English parochial edifice, all who pay tithes repair, after evening service on Christmas day to the vicarage where the vicar is held in duty bound, by a usage centuries old, to regale them with four bushels of malt brewed into ale, or beer, two bushels of wheat baked into bread, and half a hundred weight of cheese. Any remnants of this feast are distributed among the poor of the parish after morning prayer the next day.

POOR THINGS  
Tramp Birds: They might throw us a few crumbs on Christmas morning.

## Traditions of Christmas Festival.

In the records of every nation we find traditions of the Christmas festival, traditions which have been handed down from generation to generation in oft-told tales which thrilled the hearts of the listeners with alternate fear and delight. Sir Walter Scott tells us that they who are born upon Christmas or Good Friday will see spirits, and will have the power of commanding them. He also adds that the Spaniards imputed the downcast looks of their monarch, Philip II, to the disagreeable visions to which this privilege subjected him.

## Bring Smiles of Gladness.

It is not so much the thought of receiving the customary holiday gifts which most pleases the fancy, but rather that pleasure the heart derives from dwelling upon joyful surprises it may bestow upon others. To bring a smile of gladness upon another's face is, indeed, a boon more precious than a Christmas gift, and the joy of bestowing can never be equaled by the receiving.

**GOITRE**

Reduced 2 Inches for This Newcastle Milliner by Home Treatment

Note: It would be illegal to publish these statements if they were not true.

This article was copied from the Newcastle, Ind., Times: "Mabel Burris, milliner at Mary Dingle's store, say: 'I have had a goitre for 15 years. Everything that I have tried only made it worse. My goitre has been reduced 2 inches by less than one bottle of Sorbol Quadruple. I will gladly recommend this remedy for I think all goitre sufferers should know about it. I will be glad to tell my experience personally or by letter.'"

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leave the parts in healthful normal condition. Requires ten minutes daily.

**U.P. PICKS ITS NATIONAL ELEVEN**

Sporting Writer Asserts That Country is Full of Good Backs and Selection is Hard

2 NOTRE DAME MEN ON TEAM

All American Team Includes Gipp and Anderson Who Played Brilliantly During The Season

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Dec. 8—It's a shame that eleven are only eleven.

If an All-American eleven could be stretched into a dozen and a half or two dozen, picking the season's combination of besks might not be a problem so closely akin to settling the Irish question.

After a season in which the grid-irons of the east, west, north and south were almost crammed with high-class football performers, it is a task far beyond one pair of eyes to judge the eleven best. Coming near to it is a more human task.

The season of 1920 developed a preponderance of brilliant half-backs, quarter-backs, and centers, with a good number of tackles. No guards stood out like "Swede" Youngstrom of last year's team, or no ends blazed across the field like Bob Higgins and Heinie Miller.

Based upon the teams seen in action, news accounts of the games and the judgment of others delegated to look them over, the following first team has been selected—subject to anything but personal violence on the writer:

PLAYERS	Position
Carney, Illinois	end
Keck, Princeton	tackle
Griffiths, Penn State	guard
Alexander, Syracuse	center
Callahan, Yale	guard
Gulick, Syracuse	tackle
E. Anderson, Notre Dame	end
Lourie, Princeton	quarter
Way, Penn State	half
Davies, Pittsburgh	half
Gipp, Notre Dame	half

It will be observed there are representatives on the team from every section except the Pacific Coast and the far west. With the full realization that in those fertile fields of football there are many players of sufficient ability to hold their own with some on the mythical aggregations, the writer had to ignore that section on account of lack of detailed information regarding these players.

The hardest task in sifting out the stars came among the quarter-backs, the centers and the half-backs.

Bo McMillin is a great quarter-back, but the writer after watching Lourie in three Major games, can't imagine how the Southerner can be superior to him.

Lourie does everything that McMillin does and he kicks in addition. He is as crafty a general as roams the chalk-line field and he kept his colors high through a much harder schedule and much greater opposition than McMillin.

Mike Callahan, Princeton, and Stein, Pittsburgh, are two great centers, but they are both bad passers. Stein, was removed from consideration because his bad pass kept Pitt from beating Penn State.

Gipp, the star Notre Dame back, stood out as the greatest halfback of the year and the one who had to be on the mythical eleven. Davies and Way were picked because almost alone they carried Pittsburgh and Penn State to the record that makes it possible for them to claim the eastern championship.

French and Garrity by all means should be on an All American team, and rangle, also, but they suffered by having their stars shine in a firmament filled with meteors.

**Millions for a New Stomach**

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

Extending The Parcel Post

Extension and development of the parcels post would be an excellent thing for this country. It would be a potent factor in the elimination of gambling and juggling in the necessities of life. It would reduce the number of middle men who are fattening at the expense of the consumer.

These middlemen and gamblers who juggle the products before they reach the retailer or consumer, are responsible for much of the skyrocketing which has cursed this country of later years. There is no end to their capacity.

With a practical extension of the parcels post the retailer and the consumer could order the bulk of

his supplies direct from the manufacturer or the farm.

Manufacturers and farmers could sell their products as easily through newspaper and magazine advertising as they do now through the present method of sending hordes of salesmen throughout the country at enormous expense, all of which is eventually paid by the consumer.

Some day we will have a parcels post that we can use as we should. But in the meantime we will continue to blunder along and feed a horde of parasites who have fastened themselves upon us.

We Americans are great on "paying the freight".

Making or Breaking

Bringing up children is a problem to all parents.

The character of a child is moulded principally in his younger years, and it seldom leaves the pathway it has been trodding in those days.

It is made or broken by its parents.

Some parents are always kind to their children, but firm, insisting upon implicit obedience. The world is full of such children, now grown to manhood, and they are dominating the really important affairs of the world.

Other parents are weak and vacillating. They coax, wheedle, storn rave and threaten—but never punish. They are not obeyed, and are often defied. The world is also peopled with these children, now men. Much of the peopling is within the four walls of a jail or a penitentiary.

It is a problem indeed, but one

which many parents fail to solve until too late.

The children do it for them—in their own way.

Most people who are willing to do eight hours of honest work in eight hours of time will be able to hold onto their jobs. But the loafers and incompetents, like chickens, will have to scratch.

The president will be awarded the Nobel peace prize December 10, probably on account of the 1916 campaign, slogan, "He kept us out of war".

President Wilson displayed his good judgment by not mentioning the treaty of peace or the league of nations in his message to congress.

No, we don't hear of any farmers offering to take on winter help in exchange for their keep. It might be cheaper to pay wages.

The Turks are said to be buying about ten thousand tons of American coal each month. Did they get any of yours?

It's a fact, though, that some men never fail in an undertaking. They never begin.

Of course, some people never make excuses. They can't find any to fit.

CHRISTMAS-TIDE

The Christmas-tide, the tide of merriment  
And feast, and love, and peace—most gracious tide,  
All hail: I greet and yearn to honor thee!  
Now let the table groan 'neath viands rich!  
The smoking turkey with the truffle stuffed,  
The stately roast, all fragrant with the fumes  
Of omelette, fish, fowl and fowl, and dainties  
From all climes, full-ranged in rank profusion,  
To tempt the timid appetite and fill  
The forward one  
So, spread the table with luxurious care,  
And round it gather ever saint and sinner;  
Bar out dull Care, and let the vixen wait,  
Nor rob you, as she's apt to, of your dinner.  
And about your mirth, but do not let the accents  
O'erquell the little voice that stands demure  
Outside your heart and gently tapping pleads:  
"A sop to soothe the shiverings of the poor!"  
—Joseph Whitton, in Yable Talk.

CHRISTMAS MOTHER-GOOSE

And that's what girls are made of.

CHRISTMAS THOUGHTS

Chime soft and low, glad Christmas bells!  
We, too, will sing,  
Will bring our gifts more precious far  
Than frankincense or costly myrrh  
To Christ our King.  
Our consecrated lives we'll give;  
With trusting, loving hearts we bend  
To plead for grace and strength to live,  
And honor him, our precious friend.

INDUSTRY WILL RESUME

Business Expected to be Opened up  
Again First of the Year

Indianapolis, Ind., Dec. 8—Industry will "open up" again during the early part of next year, according to a statement issued jointly by the Employers Association and the In-

dianapolis Chamber of Commerce today.

As a matter of fact, the industrial and economic situation in Indiana is not nearly as bad as it has been painted, the statement said. Some plants are working at about 75 percent of capacity and they will continue to do so until retailers have disposed of their present high priced stocks of goods, according to the statement.

### OPENS THE SEASON HERE WITH A WIN

Odd Fellows Basketball Team Defeats Carthage Independents Tuesday Night, 40 to 16

### IN THE NEW GYMNASIUM

Milroy Considers Renting Building For Some of Big Games on Their Schedule

The Odd Fellows basketball team opened the season here last night with a victory over the Carthage Independents, 40 to 16, and the crowd on hand showed the local independent team that they would be well supported this season.

The game was played in the new gymnasium in the Modern Appliance building in West Third street, and the floor as well as the entire place is as modern as any gymnasium in this part of the state. Bleachers which have been built along two sides were well filled with fans last night, and the place will easily accommodate 600 or 700 people.

When the game started last night, Carthage got the best of it and for several minutes was leading Rushville, 5 to 1. In short order Martin and Hilligoss got together and the score was tied, and shortly afterwards Rushville took the lead and gradually walked away.

The Rushville team showed good team work and was in good form. Martin at center was the goal shooter and made seven field goals. Hilligoss, floor guard, surprised the fans by his work, as it was his first appearance with the Odd Fellows aggregation in this city.

Titsworth and Petry of old high school fame were in the line-up and were in the game at all times and showed that they had had considerable experience. Henley, of last year's team was in good form and caged three field goals throughout the game, and was effective on his team work and passes. Brown, also of high school fame, played about ten minutes in the last half, and made two field goals.

When the first half ended the Odd Fellows team was in the lead, 19 to 7. In the last half Carthage put up a game fight to overcome the lead and attempted to put over one of

their rallies which won several games for them recently.

The Odd Fellows continued to pile up the points and reached 40 before the end came, while Carthage had 16.

The Carthage team was short one of their star players, but even at that played ball with a determination not to give up until the end. The game was fast and clean, and the audience was well pleased with the kind of ball put up by both sides. Chambers, center for Carthage, was the point getter and made six field goals, while Florea, forward, was responsible for fast team work.

Moscow will play here next Tuesday, and two high school teams in the county will probably furnish the curtain raisers. A delegation from Milroy was here last night and is considering renting the building for some big games on the Milroy high school schedule, one game in particular being with Hartford City on February 5. The playing floor is pronounced as being faster than the Graham Annex gymnasium floor.

The score and summary:  
Odd Fellows (40) Carthage (16)  
Titsworth ..... F ..... Florea  
Henley ..... F ..... Winslow  
Martin ..... C ..... Chambers  
Hilligoss ..... G ..... Coffin  
Petry ..... G ..... Dyer

Substitutions: Rushville, Brown for Henley, Henley for Martin; Carthage, Nigh for Coffin. Field goals, Titsworth, 3, Henley 3, Martin 7, Hilligoss 4, Brown 2, Florea, Chambers 6. Foul goals, Titsworth 2, Florea 2. Referee Gunning.

Things Taste better in PYREX. GUNN HAYDON. 2276f

The regular meeting of the Yomo club will be entertained tomorrow afternoon at the home of Mrs. Ida Barringer in North Perkins street.

Mrs. Ben Humes will entertain the members of the Thursday Afternoon Bridge club tomorrow at her home south of the city with a one o'clock luncheon.

The Rebekah Croquet club will be entertained Friday afternoon at the home of Mrs. Frank McIlwaine in Willow street. As this will be gift day, a large attendance is desired.

The Willing Workers class of the Orange Christian church enjoyed an informal sewing party this afternoon at the home of Mrs. Ida Davis in Orange. Refreshments were served at the close of the meeting.

The Ladies Aid Society of the New Salem M. E. church will hold an all day meeting, with a pitch-in dinner at noon, Thursday at the home of Mrs. O. J. Cook, with Mrs. Lot Holman as assistant. Christmas gifts will be exchanged at this time.

Miss Helen Monjar delightfully entertained the members of the Tuesday Bridge club last evening at her home in West Second street. The guests enjoyed the evening over the card table and at the close of the games a delicious luncheon was served by the hostess.

Miss Clara Johnson entertained the members of the Always Present Class of the Main Street Christian church last evening at her home in North Main street. Following the business session which was held, the guests enjoyed the remainder of the evening socially, during which a dainty luncheon was served.

The Woman's Home Missionary society of the St. Paul's M. E. church will meet in the church parlors Thursday afternoon at two-thirty, when the annual Christmas program will be carried out. All members are urged to attend, and bring discarded toys or books, which are to be sent to an orphanage for poor children.

Mrs. Cullen Sexton was hostess for the member of the Psi Iota Xi sorority last evening at her home in East Fifth street. During the business session the members present discussed the sale of the Red Cross Christmas seals, the sorority being in charge of the sale. During the informal social hour following the business meeting delicious refreshments were served.

The Rev. and Mrs. Talmage Defrees of the Little Flatrock Christian church delightfully entertained the members of the official board and their wives at a banquet in the basement of the church Monday evening. The three tables at which the thirty-two guests were seated in the spacious dining room were attractively arranged with bouquets of white chrysanthemums and greenery and lighted by tapers in cut glass holders. During the six course dinner which was graciously served by the Misses Kathleen McKee and Lou and Thelma Moore, toasts were responded to and different phases of the church work discussed in a most interesting way.

Those enjoying the hospitality of the Rev. and Mrs. Defrees were Ed Medd, Montis L. Stewart, Mr. and Mrs. Will Logan, Mr. and Mrs. Orland Myers, Mr. and Mrs. Charles Kenner, Mr. and Mrs. Edgar Morris, Mr. and Mrs. Bert Norris, Mr. and Mrs. D. D. Barber, Mr. and Mrs. Carl Wilson, Mr. and Mrs. Herbert Holden, Mr. and Mrs. Ed Newby, Mr. and Mrs. Don C. Brooks, Mr. and Mrs. Charles Mauzy and Mr. and Mrs. John L. McKee.

### Christmas Gifts for Mother and Sister

By A. NEELY HALL  
(Copyright by A. Neely Hall.)

The Sammy spool holder in Fig. 1 will be a delight to mother or sister, not only because of its uniqueness as an ornament, but also because of its handiness in the sewing-room. Cutting out the figure of Sammy is simple bracket-saw work. Basswood  $\frac{3}{8}$  inch thick is best.

The patterns shown in Figs. 2, 3, 4 and 5 are about one-half the right size. To simplify the work of enlarging these patterns, I have marked them off checker-board fashion.

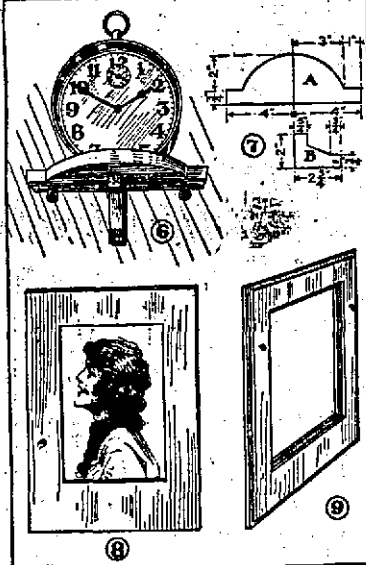

When you cut, saw a trifle outside of the outlines, to allow for trimming the edges with chisel and sandpaper. The upper portion of the body is connected to the lower portion by means of the round stick shown in Fig. 3. Glue the upper end of the stick; make the lower end fit loosely, so it can be removed

to slip the spool off. Sammy's feet are made large to form a base. Cut a slot to glue the leg ends in. A needle forms Sammy's bayonet, and a small hole is made in the gun to stick it into.

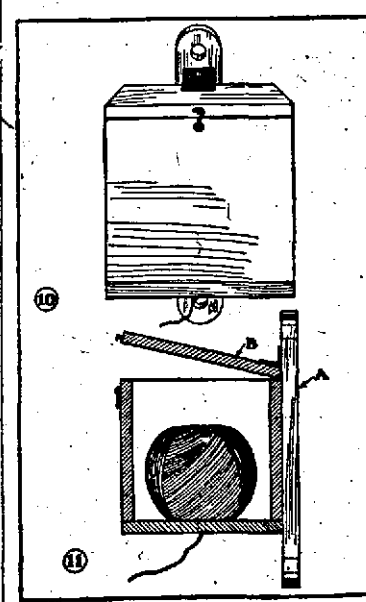

The clock-shelf in Fig. 6 is handy for kitchen or bedroom. It requires two pieces of wood (A and B, Fig. 7)  $\frac{1}{2}$  inch thick by the other dimensions shown. Fasten bracket B to top A at the exact center of the length, with finishing-nails and glue.

A cigar-box cover and bottom provide excellent material for small picture frames (Figs. 8 and 9). Trim one piece about  $\frac{1}{8}$  inch narrower and shorter than the other piece, so when the smaller piece is centered upon the larger piece, there will be a 3-16 inch

margin all around (Fig. 9). Cut the picture opening in the larger piece so there will be equal margins at the top and sides, and a trifle wider margin at the bottom. Cut the opening in the smaller frame  $\frac{1}{2}$  inch larger each way, to form a  $\frac{1}{4}$  inch rabbet for the glass, picture and backing (Fig. 9). Give the wood a coat of boiled linseed-oil, screw a pair of small screw-eyes into the back for hangers, and get glass to fit the back opening.

The string-box in Fig. 10 is a convenience which should be in every household. Use cigar-box wood, or wood not over  $\frac{1}{4}$  inch thick. Cut the pieces of the right size to make a cubical shaped box measuring 3 inches inside. Cut the hanger strip A (Fig. 11) 1 inch wide and long enough to project  $1\frac{1}{2}$  inches above and below

the box, round its ends, and bore  $\frac{1}{8}$ -inch holes for hanger hooks. Hinge top B to hanger strip A for a lid. Bore a hole through the box bottom to pull the string through.

### Lewisville Women Have Ticklish Time With Feather Bed Tickings

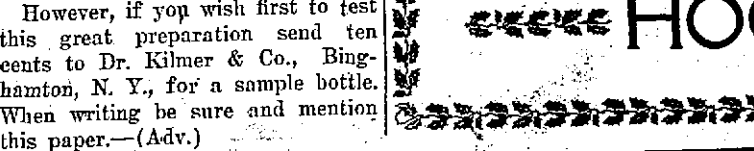

Lewisville, Ind., Dec. 8.—Lewisville women, to the number of seven or eight are "up in arms" over a deal in feathers and they say that it may be a ticklish proposition, but no laughing matter. It's like this: Some time ago, a stranger appeared in the town, said to have come from Centerville. He sought feather beds with the view of making nice, fluffy mattresses out of them. A greater part of Lewisville, it is said, "fell for the idea, and gave up their fine feathers it is charged.

The women were indignant and held a meeting, seeking to prosecute the man. They appealed to the local justice of peace and the feather fellow was arrested. Prosecutor Brown was called from Newcastle and arrived the next morning. When all was ready for the trial, something happened and the women failed to appear. They say they were not summoned to the trial. They were told that it would be a difficult matter to prove the charges, as no one had actually seen the man substitute the feathers. But this did not satisfy the women and they want

### SWAMP ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—(Adv.)

the man. They appealed to the local justice of peace and the feather fellow was arrested. Prosecutor Brown was called from Newcastle and arrived the next morning. When all was ready for the trial, something happened and the women failed to appear. They say they were not summoned to the trial. They were told that it would be a difficult matter to prove the charges, as no one had actually seen the man substitute the feathers. But this did not satisfy the women and they want

to warn the public of how they got "stung". "I had at least fifty pounds of good feathers that would sell at from \$1 to \$1.50 a pound," said one woman. "I don't know the market value of chicken feathers, but you can buy them at five cents a pound at our poultry house. Those are the kind of feathers that were substituted for my goose feathers. Besides I paid him \$13.50 for doing the work."

## Amusements

### Wanda Hawley at The Princess

As a flirtatious young French wife Wanda Hawley has been given still further opportunity to demonstrate her versatility in "Her Beloved Villian", which will be shown at the Princess today.

"Her Beloved Villian", by the way, is a demonstration of "Real-thing." The picture is an adaptation of a very famous French farce which had a big vogue in Europe a few years ago. Deliberately it is being offered under an entirely different name. And those who saw last night's show believe the experiment will meet with success. For the plot holds so much genuine fun and interest that it is bound to succeed on its account, aside from any big reputation of previous successes as a stage play.

The story is the old Priscilla, Miles Standish, and John Alden situation, treated with that dash and brilliance of wit which the French mentality has brought to such a high point of excellence. Certainly it reaffirms the age-old fact that it's always dangerous to have a friend propose to your girl!

Ramsey Wallace, Miss Hawley's new leading man, is virile and convincing as the man who starts a

whole train of complications when he becomes the matrimonial go-between for his friend, and then wins the girl for himself.

### "The Secret Gift," Mystic

Things more precious than watches are seen through the funny, little black "spy glass" of Jan Saxe, the watchmaker. Sometimes a broken doll. Sometimes a broken heart. Jan Saxe fixes them. He knows all about broken things in "The Secret Gift" which comes to the Mystic Theatre today, George Hull tells just how Jan Saxe comes to know.

The watchmaker is one of those men to whom love comes but once. He sees his old comrade marry the girl he worshipped in silence; he gives Peter his last \$500 to set up a business. Then Jan goes back and puts his faithfully away with his watches. He has made those he loves happy.

When to his comrade and to the girl of his unfulfilled romance comes a daughter, the image of her mother, the life of Jan Saxe centers in her happiness. Then two hearts come under Jan's "spy glass." To him a heart is a heart just as a watch is a watch. That one heart is in the body of Larry McTeague, who grew up in Paradise Alley, and that the other heart is in the body of Winnifred, brought up in luxury, is nothing to Jan. There comes the chance for what will be Jan's culminating, most heroic sacrifice for those he loves.

## USE MONKEY GLAND TO RESTORE SANITY

Chicago Physicians Will Attempt Operation on Mental Deficient 17 Year Old Girl

### TRANSFER THYROID GLAND

Chicago, Ill., Dec. 8.—An attempt to restore to health 19 years old Mary Kolwizki of Joliet, Ill., who has been mentally and physically disabled for the past seventeen years was to be made at the American hospital today when physicians will transfer the thyroid gland of a monkey to the body of the girl.

The operation was to be performed by Dr. Krumholtz and Dr. Klein who have attended the girl since she was found secreted in a cellar at her home in Joliet last September. Truant officers found the girl in the cellar and the child could not read, talk or walk.

According to the story told by the mother to authorities, the girl was stricken with infantile paralysis when two years old which left her so affected. The mother kept the girl hid till she was seventeen years old.

## How a prospective mother prepared for baby's coming

Of all the vital adventures in life, the birth of a baby is the climax of nature's most wonderful evolution.

During this period, nature is supposed to be preparing the internal organism of a woman for a safe and speedy delivery; but it is more the exception than the rule when nature, unaided, performs her part at the crisis in a manner to relieve pain and contribute to comfort.

"I was afraid," writes a prospective mother, "until an experienced mother told me about MOTHER'S FRIEND."

"—but now I cannot recommend MOTHER'S FRIEND too highly for I know it helped me wonderfully, and I can almost say my baby was born without pain. At the present time I am using it again, as I do not want to go thru the ordeal without it."

Three generations of prospective mothers have used MOTHER'S FRIEND. When gently applied, during the period of expectancy, it soothes the fine network of nerves, lubricates the broad, flat, abdominal muscles and prepares the way for an easier, quicker and practical delivery.

For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to the makers of MOTHER'S FRIEND.

**WARNING:** Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

## Women and Health

Too many women, unfortunately, suffer in health, hence in loss of happiness, thru conditions or irregularities peculiar to their sex which might easily be relieved, with a consequent restoration of health and all that it means. To every woman suffering from such troubles we advise the use of Dr. J. Bradfield's Female Regulator, as a tonic of great value. This remedy, for women only, has been sold for more than 50 years, and is today, as always, depended upon for good results. At all druggists in \$1.00 bottles. TRY IT.

## HOUSING ASSOCIATION TO MEET DECEMBER 9-11

Bridgeport, Conn. Selected For Convention City Because of Successful Housing Projects

1,000 'DELEGATES' EXPECTED

(By United Press)

Bridgeport, Conn., Dec. 8.—This city will be the scene of the coming annual convention of the National Housing Association, scheduled to meet from December 9th to 11th, inclusive. Between 600 and 1,000 delegates, representing practically every large city in the country, are expected to attend.

The several housing projects carried out in Bridgeport are said to be the reason for selecting the city for the convention. These projects will be examined by the delegates.

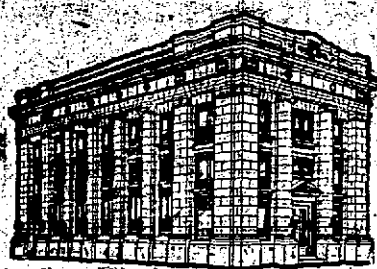

Among the subjects to be discussed during the convention will be "Rent Situation," "Various Methods of Stimulating New Construction," "Financing the Home Owner," "Government Housing in its Various Phases," "Co-operative Ownership of Housing Projects," "Encouraging Investments in Real Estate Mortgages," "How Building Associations and Banks Can Help in Financing Home Ownership," "Relations between Landlords and Tenants," "The Share of Labor in Encouraging New Building Construction," "Methods of Reducing Costs of Operation," and "New Kinds of Building Material Discovered through War Necessities."

There will be a general discussion of unwise building laws and motion pictures showing a typical English Garden City and its possible application to American needs. The effects on health and morals of overcrowding will also be brought up.

## Thursday PRINCESS Friday

He posed as himself — and they had him arrested!

He'd been kidnapped — shanghaied — his name, his girl and his millions stolen by a rascally double.

And when he escaped and returned to claim his own, the world called him a crook!

Beyond a question, the greatest role that Wallace Reid ever played. All action — alive with surprises and fun — and thrills for ten pictures!

### DISCUSS NEW POLICIES

Senator Harding and Congressmen Hold Private Conference

Washington, Dec. 8.—Proposed policies of the Harding administration were discussed Tuesday at a conference held at the capital between the president-elect and congressional leaders.

Harding's time was so freely engaged that he was forced to forego a golf game with some senatorial friends and he left at 4:10 for his home in Marion, Ohio.

Inasmuch as he will not return to Washington until he will assume the presidency, Harding wished to see as many of the leading members of congress as possible. He stated that he was not coming back to Washington this winter.

## HARDLY ABLE TO GET ABOUT HOUSE

Indiana Woman Says Nothing Gave Her Any Strength Until She Got Tanlac

"Although it has been over two years since I had influenza, I am just now beginning to feel like myself again," said Mrs. May Hart, R. F. D. No. 1, Huxtertown, Ind.

"It seemed that nothing I could do gave me any strength until I got Tanlac. I had no appetite, couldn't sleep, had rheumatic pains nearly all through my body and my joints were always so stiff I could hardly move around. I got badly run down and so weak I couldn't look after my housework.

"Well, not long ago I began taking Tanlac and already my improvement is so great, it is really a pleasure to tell about it. My appetite is very much better, I never have the pains in my body any more and my joints are in such good condition I can get around just like I used to years ago. I sleep so well nights now that I scarcely wake up at all until morning, and the tired and worn out feeling has left me entirely. I have already gained several pounds in weight, am still taking Tanlac and am gaining in weight and strength every day. Tanlac has helped me so much I just can't praise it highly enough."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

## Gave It To His Little Daughter

Five year old girl had bad case of catarrh in the head, no appetite, weak and pale. Father got great relief himself from Dreo and that is why he gave it to her.

"I got so much good from taking Dreo that I put my little five year old girl to taking it and there is a big difference in her now," said Mr. Willis Baker, the well known concrete contractor of 1318 East Marklin St., Kokomo, Ind.

"I had never been able to get rid of constipation, pains in my back, indigestion, gas in my stomach and heartburn, till I tried this new medicine Dreo and I believe the first dose did me good, Dreo also worked my liver off, thereby relieving those awful dizzy spells and cleared off my tongue.

"I had catarrh which kept me hawking all the time and clearing my throat. Dreo overcame this for me, and I started my little girl taking it, and there is a big improvement in her. The color has returned to her cheeks; she romps and plays, has a good appetite and the catarrh is all gone. I am a strong believer in Dreo."

All druggists now sell Dreo and it is being especially introduced in Rushville by F. B. Johnson & Co. (Adv.)

Motor Truck

Lowers Farm Costs

THE farmer of the Middle West is a business man who utilizes every labor or time-saving device to increase his profits. That's why the farmer is coming to be the heaviest buyer of motor trucks.

At seeding time he hauls his seed to the field, thus economizing hand labor; at harvest time he hauls his grain, potatoes, and other produce, to market, and distance being a less prohibitive factor, is able to secure better prices; and all through the year he hauls his live-stock and chickens to market, and is able to deliver them in better condition, and with a minimum of shrinkage.

These are a few reasons why the farmer finds the motor truck profitable.

It must be apparent, then, that in no other part of the nation is rural distribution of petroleum products quite so important as in the states served by the Standard Oil Company (Indiana). These are the farming states which supply not only the Middle West but the entire nation with food. The ten states served by this Company are well termed the bread-basket of the nation.

To be of economic service to the farmer, the Standard Oil Company (Indiana) maintains throughout the territory it serves a complete chain of bulk stations, with tank wagons for delivery throughout the rural districts. The farmer has come to know that he can depend upon this service even under most trying conditions. That busy, dark green tank wagon serves the farmer with all the faithfulness with which the milk wagon and the ice wagon serve the flat dweller in the city.

The comprehensive distribution system of the Standard Oil Company (Indiana) is geared to service at the lowest possible cost. The money thus saved through large scale operation is passed on to the consumer by reasonable tank wagon prices throughout the territory served.

That this complete and highly efficient system of distribution maintained by the Standard Oil Company (Indiana) is indispensable to the new type of business farmer, no one acquainted with the facts can doubt.

## PACKING EMPLOYES GIVEN SLIGHT RAISE

Judge Refuses to Grant Blanket Increase to All Employees in Large Packing Concerns

125,000 WORKERS AFFECTED

Chicago, Ill., Dec. 8—Request for a blanket increase in wages from \$1 to \$2 a day by employees of packing companies were denied Tuesday by Judge Samuel Alschuler, arbiter in the dispute between packers and employees over wages.

Judge Alschuler, however, granted some temporary increases to certain classes of workers which will amount to about five million dollars additional wages which the packers will have to pay this year.

Judge Alschuler granted all employees coming under the classification of general plant workers a temporary increase of 5 percent up to \$25, retroactive to July 5, 1920 and ending December 5. This award will really amount to a bonus to about 125,000 employees. The employees are in Chicago, Omaha, Kansas City,

Oklahoma City, East St. Louis and Sioux City.

The awards will give each employee under the classification an average of about \$1.25 a week, attorneys for the packers estimated, over the period which the increase is made effective.

## RECEIVES BOX OF FRUIT

Mrs. J. B. Pusey of this city has just received a large box of fruit from Florida, a gift from Mr. and Mrs. J. A. Smith of Lakeland, Fla. The box contained twelve large grapefruit and six dozen of oranges and tangerines. Mrs. Pusey spent several weeks with Mr. and Mrs. Smith while she was visiting in Florida last winter.

## MAY ABOLISH WAR LAWS

Bill to End Emergency Measures Reported Favorably

Washington, Dec. 8—A resolution repealing the war laws was favorably reported by the house judiciary committee and action on it may be taken in the house Friday. It provides that the date of final enactment of the resolution shall be considered as the official date of termination of war.

The laws exempted from repeal are the Lever food and fuel control, the trading with the enemy act, the war finance corporation and the Liberty bond acts.
